Board of Directors Memo

June 01, 2016

Subject: Special Audit Update

Background:

At the request of the Corpus Christi City Council and the Nueces County Commissioner's Court, a special audit was requested to review CCRTA and a Special Audit Committee was created that included Nueces County Judge Lloyd Neal, CCRTA Board of Directors Tom Niskala, and the City of Corpus Christi City Manager Ron Olsen. The Special Audit Committee engaged the services of Flusche, Van Beveren, & Kilgore PC to conduct the special audit. Director Niskala informed CCRTA that the review has been completed and an update will be provided by Judge Neal to the Board of Directors on June 01, 2016.

Board of Directors' Memo

June 1, 2016

Subject: Adopt A Resolution Approving TxDOT Advanced Funding Agreement for MPO Awarded Transportation Alternatives Program (TAP) Funds

Background:

On April 28, 2015, CCRTA was awarded \$248,400 in state grant funds for the Transportation Alternatives Program (TAP) by the Metropolitan Planning Organization (MPO). These funds were awarded to purchase bike facilities, such as bike racks, bike lockers, and other trip-end amenities. The total award was \$310,500, of which \$62,100 is CCRTA's 20% local share. The TAP funds derive from FY2015 and FY2016. The table below illustrates the sources of funds and the fiscal years.

	Total	TAP Funds	CCRTA Local Share
FY2015	\$ 235,500	\$ 188,400	\$ 47,100
FY2016	\$ 75,000	\$ 60,000	\$ 15,000
Total Project	\$ 310,500	\$ 248,400	\$62,100

Identified Need:

In order to be eligible to receive and utilize these funds, the CCRTA Board of Directors is required to adopt a resolution approving entering into an Advanced Funding Agreement (AFA) with the Texas Department of Transportation (TxDOT) (see attached resolution). The AFA is essentially TxDOT terms and condition as well as requirements that CCRTA must comply with as recipients of these funds.

Financial Impact:

The total award was \$310,500, of which \$62,100 is CCRTA's 20% local share.

Committee Review:

This item was presented to the Administration Committee on May 25, 2016, and was recommended for approval.

Recommendation:

Staff Recommends the Board of Directors Adopt a Resolution Approving TxDOT Advanced Funding Agreement for MPO Awarded Transportation Alternatives Program (TAP) Funds.

Board of Directors' Memo

June 1, 2016

Subject: Texas Unified Certification Program (TUCP) Memorandum of Agreement (MOA) and Standard Operating Procedures (SOP)

Background

The legislative impetus for the Disadvantaged Business Enterprise (DBE) Program can be traced as far back as the passage of the Civil Rights Act of 1964 (Title VI). By February 2002, all the transit, airport, and highway recipients in each state are required to agree on a unified certification program (UCP). The UCP must provide for "one-stop shopping" for DBE firms applying for certification in each state. The applicant fills out one form, goes through one application process and, if certified, can work as a DBE for any DOT recipient in the state. There will be a single DBE directory for the state. The rule allows recipients substantial discretion about the form the UCP will take in each state.

In compliance with this regulation, six certifying entities within Texas joined to create the Texas Unified Certification Program (TUCP). The CCRTA is one of the six founding members of the TUCP. The CCRTA, along with Texas Department of Transportation, North Central Regional Certification Agency (Dallas-Fort Worth area), South Central Regional Certification Agency (San Antonio area), City of Austin, and City of Houston have each agreed to accept certification responsibilities for counties in their geographical region. CCRTA's region includes Aransas, Bee, Goliad, Jim Wells, Karnes, Kleberg, Live Oak, Nueces, Refugio, and San Patricio counties.

The TUCP certifies Disadvantaged Business Enterprises for participation in Department of Transportation federal contracting projects in aviation, highway, and transit across the State of Texas in compliance with Code of Federal Regulations (49 CFR 26 and 23).

Identified Need

On August 10, 2005 the Board authorized the General Manager to enter into a Memorandum of Agreement (MOA) for a Disadvantaged Business Unified Certification Program for Texas. This agreement has been in effect since the adoption with no changes made to the overall program or agreement.

In March 2012, the Board of Directors have approved the adoption of the TUCP Memorandum of Agreement which reflected the DBE Final Rule effective February 28, 2011.

In line with the DBE Program improvements effective November 3, 2014, the TUCP members have been discussing, reviewing, and editing the MOA and SOP in order to stay current with the regulations. Attached is the revised TUCP Memorandum of Agreement and Standard Operating Procedures for approval.

Financial Impact

No budget impact is identified with approval of the Memorandum of Agreement and Standard Operating Procedures.

Committee Review

The Administration Committee met on May 25, 2016 and recommended approval of this item.

Recommendation

Staff requests the Board of Directors authorize the Chief Executive Officer to adopt the Texas Unified Certification Program's (TUCP) Memorandum of Agreement and Standard Operating Procedures in accordance with 49 Code of Federal Regulations Part 26 and Part 23 (Disadvantaged Business Enterprise Program).

STATE OF TEXAS MEMORANDUM OF AGREEMENT

I. UNIFIED CERTIFICATION PROGRAM

This Memorandum of Agreement (MOA) establishes a Disadvantaged Business Enterprise (DBE) Unified Certification Program (UCP) in the State of Texas in accordance with Title 49 Parts 26 and 23 of the Code of Federal Regulations (49 CFR Parts 26 and 23). The TUCP Certifying Partners are the Texas Department of Transportation (TxDOT), City of Houston, City of Austin, Corpus Christi Regional Transportation Authority (CCRTA), North Central Texas Regional Certification Agency (NCTRCA), and South Central Texas Regional Certification Agency (SCTRCA). Each TUCP Certifying Partner agrees to commit sufficient resources and expertise to carry out the requirements of 49 CFR Part 26.

A. Definitions

1. TUCP Certifying Partner

The TUCP Certifying Partners are the Texas Department of Transportation (TxDOT), City of Houston, City of Austin, Corpus Christi Regional Transportation Authority (CCRTA), North Central Texas Regional Certification Agency (NCTRCA), and South Central Texas Regional Certification Agency (SCTRCA).

2. Non-Certifying TUCP Partner

A State of Texas recipient, sub-recipient, or grantee with a current DBE Program Plan approved by an appropriate USDOT oversight modal agency. A Non-Certifying TUCP partner can neither issue nor revoke DBE certification.

3. Recipient

Any public entity which receives direct USDOT financial assistance.

4. Sub-recipient

Any public entity receiving USDOT financial assistance through another recipient.

5. Grantee

Any public entity that has received USDOT assistance.

B. Organization

The TUCP shall establish an Executive Committee consisting of representatives from each of the Certifying Partner agencies, who shall be designated by the signatories to this MOA Agreement. The Executive committee will also be responsible for resolving any conflicts between certification actions between its members. The Standard Operating Procedures of the TUCP Section III-Agency Compliance, outlines the process for dealing with matters regarding the compliance with certification requirements. Nothing in this agreement should be construed to contravene the sovereignty of each participant. The contact person for the TUCP is the Texas Department of Transportation, DBE/HUB/SBE Section.

A *Certifying TUCP Partner* may terminate its responsibilities under this Agreement and become a *Non-Certifying Partner* upon a six month notice to all TUCP Partners. *Non-Certifying agencies* may request to perform certifications through a formal submittal of qualifications to the Executive Committee of the TUCP.

1. The following procedures must be followed by the transitioning agency when changing from a Certifying to a Non-Certifying Partner:

- A. Notify the TUCP Executive Committee at least six months prior to the termination of certification responsibilities.
- B. Provide a written notice to each DBE explaining the agency's change from a Certifying to a Non-Certifying Partner. Include in this notice the following:
 - 1) A date the change will be effective.
 - 2) The name, physical address, email, telephone number and contact information of the new Certifying member for which the DBE is being transferred.
 - 3) A written assurance that the change of Certifying Partners will have no effect on the firm's DBE status or certification.
 - 4) A reminder that all future contact regarding certification should be directed to the new certifying member.
- C. Deliver all certification material including complete files to the new Certifying Partner on or before the effective termination date.
- D. Ensure that the TUCP DBE directory is updated to reflect the change of certifying agencies on or before the effective termination date (with the assistance of the Texas Department of Transportation).

2. A *Non-Certifying TUCP Partner* may request to perform DBE certifications on behalf of the TUCP through the following procedures:

- A. The agency must submit a formal written request to the TUCP Executive Committee stating the following:
 - 1) The reason for the request.

- 2) A description of the agency as well as the functions or duties of the section or office that will be conducting the certifications.
 - 3) A statement reflecting the capabilities of the agency to perform certification including available staffing and expertise.
 - 4) A statement reflecting the available resources and budget to perform certification.
 - 5) A description of the location for which the agency will serve.
- B. The TUCP Executive Committee shall review the formal request of the Non-Certifying agency and determine whether any additional information is needed before a decision can be made.
 - C. The TUCP Executive Committee has the right to require the requesting agency to be available for interviewing prior to a decision (should it be necessary).
 - D. The TUCP Executive Committee shall either deny or tentatively approve an agency's request to perform certifications by a majority decision. As lead agency, the Texas Department of Transportation shall break any tied votes.
 - E. Should the TUCP Executive Committee tentatively approve an agency's request to perform certification, a request for addition shall be drafted by the Committee and submitted to US DOT for formal approval.
3. The TUCP Executive Committee shall adhere to the following procedures with the addition of a new Certifying Partner:
 - A. Establish an effective start date for the new agency.
 - B. Provide a written notice to each DBE explaining the addition of a new Certifying Partner for their area. Include in this notice the following:
 - 1) A date the change will be effective.
 - 2) The name, physical address, email, telephone number and contact information of the new Certifying member for which the DBE is being transferred.
 - 3) A written assurance that the change of Certifying Partners will have no effect on the firm's DBE status or certification.
 - 4) A reminder that all future contact regarding certification should be directed to the new certifying member.
 - C. Deliver all certification material including complete files to the new Certifying Partner on or before the effective start date.
 - D. Ensure that the TUCP DBE directory is updated to reflect the change of certifying agencies on or before the effective start date.

C. Purpose

The objectives of the Texas UCP are as follows:

- To follow the certification procedures and standards and the non-discrimination requirements of 49 CFR Parts 26 and 23.

- To cooperate fully with all oversight, review and monitoring activities of the United States Department of Transportation (USDOT) and its operating administrations.
- To provide directives and guidance on DBE certification matters.
- To make all certification and decertification decisions on behalf of all TUCP Partners with respect to participation in the U.S. DOT DBE Program. Certification decisions by the TUCP shall be binding on all TUCP Certifying Partners.
- To provide a single DBE certification that will be honored by all TUCP Partners.
- To maintain a unified DBE directory containing at least the following information for each firm listed: address, phone number and approved NAICS codes. The TUCP shall make the directory available to the public electronically on the Internet as well as in print. TxDOT shall update the electronic version of the directory by including additions, deletions and other changes upon notification by the DBE and/or Certifying Partner.
- The TUCP Partners will commit adequate resources and expertise to carry out this agreement. The partners will continue to individually bear the costs of training staff, certifying firms and sharing DBE files, i.e. postage and copying costs. Travel to and from meetings will be the responsibility of individual partners.

II. TUCP PROGRAM DESCRIPTION

A. Partners' Roles, Responsibilities & Obligations

All TUCP Partners agree to maintain DBE certification application files, conduct site visits, make certification decisions and handle appeals and complaints. The Certifying TUCP Partners agree to utilize the USDOT Uniform Certification Application and Affidavit.

- All decisions related to eligibility and certification must comply with 49 CFR Parts 26 and 23.
- The TUCP Certifying Partners who are recipients or sub-recipients of federal funds must have an approved DBE Program. Additionally, each Certifying Partner must have clearly defined and written processes and procedures related to the administration of its DBE Program and certification decisions.
- Each TUCP Certifying Partner must adhere to the processes and procedures as set forth in the Standard Operating Procedures.
- If a TUCP Certifying Partner is no longer able or willing to uphold procedures outlined in this MOA and in the TUCP SOP, then that partner shall notify each

partner in writing and submit to TxDOT all certification files within 180 days to maintain proper certification coordination.

- TUCP certifying partners agree to assist and comply with FHWA in conducting partner reviews outlined in the TUCP SOP.
- Any request received by a TUCP Partner by organizations and entities to become certifying members of the TUCP will be forwarded to each TUCP Partner for review. The TUCP Certifying partners will make a recommendation and forward the request to USDOT for review and a recommendation.
- Any changes or additions to the TUCP Certifying Partners will require an amendment to this agreement. Parties to this MOA cannot add another member to the TUCP without the organization signing the MOA. The other TUCP partners will also need to sign the updated MOA acknowledging the new partner.

B. DBE Directory Management:

TxDOT has agreed to manage the TUCP Directory and shall designate a Database Manager as agreed by signature of this MOA. Upon approval of a firm for DBE certification by the UCP Certifying Partners, the originating Certifying Partner shall submit the firm's information for inclusion in the electronic database directly to the DBE Database Manager. This information shall include at a minimum:

- Name, Street Address, P.O. Box, City, County, State, Telephone and Fax Number, E-mail address and Federal Tax Identification Number/SSN;
- Name, Sex, Ethnicity, Race and Country of Origin of qualifying DBE owner(s);
- Type of work performed by the DBE using the North American Industry Classification System (NAICS) adopted by the SBA on October 1, 2000, as amended;
- Original Certification Date;
- Name of TUCP Certifying Partner;

The DBE Database Manager shall assume the following responsibilities:

- Input all data and make any corrections, additions and/or deletions upon receipt of information from the Certifying TUCP Partners;
- Maintain and keep the electronic DBE database current;

- Make the electronic DBE database available to all TUCP Partners and other interested parties;
- Maintain the TUCP Website.

C. DBE Directory & Internet Access

The DBE Directory will be located on the TUCP website. In accordance with 49 CFR §26.31 and §23.31(b), the DBE Directory will include the following minimum information for each firm:

- Name, address and telephone number of firm;
- Contact person
- Types of work performed by the firm with appropriate six (6) digit NAICS code and description.

The TUCP DBE Directory may contain additional information, including but not limited to the following:

- Geographic Location of the Firm (i.e., county)
- Website Address of the Firm
- Fax Number & E-Mail Address of the Firm
- Gender and Ethnicity

Each TUCP Partner by signature of this agreement agrees to submit the above information.

III. TUCP PROGRAM COST AND FUNDING

The cost of creating and establishing the TUCP website and the electronic DBE Directory will be the responsibility of the Texas Department of Transportation. Each TUCP Partner has agreed to coordinate responding to information request or open records request for certification list or copies of the data base as appropriate.

A. Training and Resources

The TUCP Partners will conduct ongoing in-service training. The TUCP Partners will agree to rotate the duties of hosting, planning and conducting training sessions amongst the TUCP Partners.

IV. CERTIFICATION PROCEDURES AND PROCESS

In addition to the following procedures, the TUCP will follow all certification procedures and standards of 49 CFR Part 26, and will implement USDOT directives and guidance concerning DBE certification matters. A Standard Operating Procedure (SOP) has been developed and will be utilized by all Certifying TUCP Partners. The SOP may be modified as needed and agreed upon by majority consensus of the Certifying TUCP Partners. If consensus cannot be reached, the issue will be forwarded to FHWA – Texas Division for further guidance.

- The TUCP will utilize the USDOT approved Uniform Certification Application and other related certification documents to facilitate “one-stop shopping” for applicants.

A. Geographic & Industry Considerations

The TUCP Certifying Partners have agreed to perform the certification process for DBE program applicants within the State of Texas by geographical location and by industry. If a DBE applicant/firm is interested in working only on TxDOT projects, TxDOT agrees to process the application and/or have certification responsibility for the DBE firm. In these cases, all certifying TUCP partners will forward the application within three to five business days to TxDOT for processing. All Certifying Partners will process Intrastate airport concessionaire ACDBE certification applications, based on the firm’s geographical location of its Principal place of business.

City of Austin: Geographical: Bastrop, Caldwell, Hays, Travis and Williamson

City of Houston: Geographical: Counties of Austin, Brazoria, Chambers, Fort Bend, Galveston, Harris, Liberty, Montgomery, San Jacinto and Waller.

Corpus Christi Regional Transportation Authority: Geographical: Counties of Aransas, Bee, Goliad, Jim Wells, Karnes, Kleberg, Live Oak, Nueces, Refugio, and San Patricio.

North Central Texas Regional Certification Agency: Geographical: Counties of Collin, Dallas, Denton, Ellis, Erath, Hood, Jack, Johnson, Kaufman, Navarro, Palo Pinto, Parker, Rockwall, Somervell, Tarrant, and Wise.

South Central Texas Regional Certification Agency: Geographical: Counties of Atascosa, Bandera, Bexar, Comal, Frio, Guadalupe, Kendall, Kerr, McMullen, Medina, and Wilson.

Texas Department of Transportation: Geographical: All other remaining counties in Texas.

B. Quality Assurance (New Certifications)

The SOP has been created to ensure consistent application of UCP program requirements among the Certifying TUCP Partners. Uniform documents have been developed for use by the Certifying TUCP Partners so that consistent information is obtained and used in certification determinations. At a minimum, there will be annual training of certification staff in order to maintain consistency in determinations.

C. Annual Review Process

By signature of this agreement, ACDBE and DBE certification updates will be conducted annually using the TUCP Annual Update "No Change" Affidavit process as required in the SOP and following procedures outlined in 49 CFR §26.87.

D. Decertification Procedures

The TUCP Partner agrees to process decertification in compliance to 49 CFR §26.87. Provisions exist in the TUCP Standard Operating Procedure for the Certifying TUCP Partners to accept written complaints from a third party alleging the ineligibility of a currently certified firm. The TUCP SOP outlines how those complaints will be coordinated by the receiving partner.

E. Appeals Process and Procedures

An appeals procedure has been established as part of the TUCP SOP for appeals of denial of original certification, and decertification that provides due process to the affected firm in accordance with 49 CFR Part 26.

- Denials of Original Certifications and Decertification: The DBE applicant has the opportunity to appeal to USDOT in accordance with 49 CFR §26.89. Firms that are decertified will have due process in accordance with 49 CFR §26.87.

F. Staff Training

Each TUCP Partner agrees to:

- Participate in annual staff training; assist with the development and coordination of training modules that support the SOP.
- Recruit instructors and determine locations for training workshops.

- Schedule joint training sessions.
- Conduct staff training to assure that all staff are knowledgeable of certification regulations and procedures as updates and changes are made to the regulations.

G. Unified DBE Directory

By signature of this MOA the TUCP Partners agree to:

- Develop and complete parameters for Unified DBE Directory.
- Compare UCP Certifying Partners databases.
- Remove duplicate DBE firms.
- Develop common databases, however, nothing in this agreement excludes the certifying partners from creating and maintaining separate databases for other programmatic needs.
- Develop procedures for electronic submission of DBE firms for inclusion in the Unified DBE Directory.
- Develop and issue press release on public access to online DBE Directory (information will be maintained on TXDOT Website).

V. CHANGES TO THE MOA

This MOA can be amended by approval of the majority of the TUCP Partners. Changes to this MOA shall require a majority agreement by the TUCP Certifying Partners. In cases where there is not a majority agreement, the issue will be forwarded to USDOT for resolution and the partners agree to execute the decision of USDOT by signature of this MOA.

VI. SUMMARY

As a result of the requirements set forth in 49 CFR Parts 26 and 23, we the undersigned, agree to participate in the STATE OF TEXAS' Unified Certification Program in accordance with the provisions of this MOA and agree to abide by its contents

EXECUTED AND DELIVERED by and between the TUCP Partners as of the effective date of this MOA.

TEXAS UNIFIED CERTIFICATION PROGRAM STANDARD OPERATING PROCEDURE

I. INTRODUCTION

A Disadvantaged Business Enterprise (DBE) Unified Certification Program (UCP) has been established in the State of Texas in accordance with Title 49 Part 26 and Part 23 of the Code of Federal Regulations. Pursuant to a Memorandum of Agreement (MOA) signed by all recipients required to participate in the TUCP, the Texas Department of Transportation (TXDOT), City of Houston, City of Austin, Corpus Christi Regional Transportation Authority (CCRTA), North Central Texas Regional Certification Agency (NCTRCA), and South Central Texas Regional Certification Agency (SCTRCA) are Certifying Partners for the TUCP. The cost of creating and establishing the TUCP web site and the electronic DBE/ACDBE Directory will be the responsibility of TxDOT. The TUCP reserves the right to develop a methodology to ascertain maintenance and operational costs. Any changes to the web site or Directory that results in costs to the Certifying and Non-Certifying Partners will be reviewed and approved by the TUCP recipients before the changes are implemented.

Each of the Certifying Partners is required to administer a DBE certification program in accordance with 49 CFR Parts 26 and 23. As part of the TUCP, Certifying Partners will make certification decisions on behalf of all USDOT recipients, sub recipients and grantees in Texas with respect to participation in the USDOT DBE Program. Certification decisions by the TUCP shall be binding on all USDOT recipients, sub recipients and grantees within Texas.

A thorough certification process ensures that the DBE program benefits only bona fide disadvantaged businesses. In order to ensure consistent application and interpretation of the regulatory requirements for DBE certification and consistent certification determinations, a Standard Operating Procedure (SOP) will be used by all Certifying Partners.

The Standard Operating Procedure sets forth the process to be utilized by the Certifying Partners when making determinations of DBE certification eligibility.

The procedures outlined herein are consistent with the U.S. Department of Transportation regulations codified at 49 CFR Part 26 and Part 23.

II. DEFINITIONS

- A. **BURDEN OF PROOF:** Measure of persuasion that is required to convince someone that an alleged fact is true.
- B. **DBE CERTIFICATION:** A finding, after a certification eligibility review by a Certifying TUCP Partner that a business meets the certification eligibility requirements and is a bona fide Disadvantaged Business Enterprise in accordance with 49 CFR Parts 26 and 23.
- C. **CERTIFICATION INTERVIEW:** Face-to-face meeting between the applicant firms qualifying owner(s) for DBE certification and the Certifying Partner.

- D. **DECISION MEMORANDUM:** Written document prepared by Certifying TUCP Partner detailing certification determination rendered.
- E. **DENIAL OF CERTIFICATION:** A finding that a business is not a bona fide Disadvantaged Business Enterprise. A business that has been denied DBE certification or declared ineligible cannot again reapply for DBE certification for one year (12 months) from the date of denial.
- F. **EXECUTIVE COMMITTEE:** A group consisting of representatives from each of the TUCP Certifying Partner agencies, who shall be designated by the signatories to the Memorandum of Agreement for the Unified Certification Program.
- G. **GRANTEE:** Any public entity that has received USDOT assistance.
- H. **NON-CERTIFYING TUCP PARTNER:** A State of Texas recipient, sub-recipient, or grantee with a current DBE Program Plan approved by an appropriate USDOT oversight modal agency. A Non-Certifying TUCP partner can neither issue nor revoke DBE certification.
- I. **TUCP CERTIFYING PARTNER:** A State of Texas federal aid recipient with a current DBE Program Plan approved by an appropriate USDOT oversight modal agency. This includes those entities, North Central Texas Regional Certification Agency and South Central Texas Regional Certification Agency, who are not recipients, but were formed as domestic non-profit organizations for the purposes of performing certifications on behalf of recipients. A Certifying Partner can issue or remove DBE certification in compliance with §26.87. The TUCP Certifying Partners are the Texas Department of Transportation (TXDOT), Corpus Christi Regional Transportation Authority (CCRTA), North Central Texas Regional Certification Agency (NCTRCA), South Central Texas Regional Certification Agency (SCTRCA), City of Austin, and the City of Houston.
- J. **TUCP PARTNER:** All US DOT federal-aid recipients, both Certifying and Non-Certifying, participating in the TUCP.
- K. **PREPONDERANCE OF EVIDENCE:** A standard of proof which is met when the evidence on a fact indicates that it is “more likely than not” true.
- L. **RECIPIENT:** Any public entity, which receives direct USDOT financial assistance.
- M. **SUB RECIPIENT:** Any public entity that receives USDOT financial assistance through another recipient.
- N. **WITHDRAWAL OF APPLICATION:** An applicant may provide a written request to the Certifying TUCP Partner to cease the certification review process before the Certifying TUCP Partner have issued a decision on the application. An applicant that has withdrawn its application can resubmit the application at any time. The Certifying TUCP Partner may place the reapplication at the “end of the line” behind other applications that have been made since the firm’s previous application was withdrawn.

III. CERTIFICATION PROCEDURES

- A. APPLICATION FOR DBE CERTIFICATION: All applicants requesting initial DBE certification must complete and submit a complete certification application package to one of the TUCP Certifying Partners. The Certifying Partner will review the application to ascertain the geographical area of the applicant firm and/or its primary work type or industry, and take the appropriate action to either process the application or forward the application within three (3) to five (5) business days to the appropriate TUCP certifying partner.
- B. APPLICATION FOR AIRPORT DBE: An airport DBE application shall be processed by the TUCP certifying Partner based on the geographical area of the applicant firm's principal place of business in the State of Texas. Airport DBE applications will be processed by the receiving TUCP entity by identified territories as referenced in the MOA.
- C. APPLICATION FOR INTERSTATE DBE: DBE interstate applicants are required to:
1. Applicants must submit all supporting documents and any other information submitted to the home state or any other state related to the firm's certification. This includes affidavits of no change as referenced in CFR §26.83(j) and any notices of changes as referenced in CFR §26.83(i) that has been submitted to the home state, as well as any correspondence submitted to other UCPS.
 2. Provide any notices or correspondence of have been denied certification in another state or appealed a certification decision with USDOT as referenced in CFR §26.89.
 3. Submit an affidavit sworn to by the firm's owners before a person who is authorized by State law to administer oaths or an unsworn declaration executed under penalty of perjury of the laws of the United States.
 - a) This affidavit must affirm that you have submitted all the information required by 49 CFR 26.85(c) and the information is complete and, in the case of the information required by §26.85(c)(1), is an identical copy of the information submitted to the home state.
 - b) If the on-site report from the home state is more than three years old, the applicant may be required to affirm that the facts in the on-site report remain true and correct. (See EXHIBIT A AND EXHIBIT B of the TEXAS UNIFIED CERTIFICATION PROGRAM STANDARD OPERATING PROCEDURE)

4. A complete package consists of the following:
 - a) USDOT Uniform Certification Application and Affidavit. (49 CFR, Part 26, Appendix F)
 - b) Personal Net Worth Statement for each qualifying socially and economically disadvantaged owner. (49 CFR, Part 26, Appendix G)
 - c) Required basic and support documentation as determined by business structure and in accordance with 49 CFR Parts 26 and 23.

D. INTAKE

1. Immediately upon receipt of the application package, it is reviewed for completeness. Specifically, the Affidavit of Certification and Personal Net Worth Statement are reviewed for original signatures and notarization, and to determine whether the basic required supporting documents have been submitted.
2. The application is reviewed to ascertain the firm's line of work and services provided. Type of business service is necessary in determining whether the Certifying Partner in receipt of the application will process the application or transfer it to another Certifying Partner within five (5) days of receipt of the application.
3. If a DBE applicant/firm is interested in working only on TxDOT projects, all certifying TUCP partners will forward the application within three to five business days to TxDOT for processing. Only firms organized for profit are eligible for DBE certification.
4. Applications received for review and the TUCP member entity decides review of application would present a conflict of interest. A request will be sent to another TUCP entity to review and process application. The TUCP entity that received the application will send a notice within 10 days of receipt of application to applicant advising of conflict, and the TUCP entity that will handle processing of application.

E. DESK AUDIT

1. The processing staff will organize and assemble the applicant information in a business file. The processing staff must be mindful that all applications are to be processed within ninety (90) days of receipt of a complete application.
2. The processing staff will thoroughly review the application package to determine whether all required supporting documentation has been submitted, and to determine if additional information will be requested. Care should be taken to ensure that any requested documentation/information is actually pertinent to the certification review.
3. If additional information is required, the processing staff will prepare a letter to the applicant firm requesting additional information. The letter

will include a due date for submission of the additional information and advise the applicant that failure to respond will administratively close the application. In establishing a due date, processing staff must allow sufficient time no less than fifteen (15) business days and no more than thirty (30) days for the applicant to provide the requested information and shall identify the specific days in the entities internal SOP.

4. The processing staff will monitor the timely receipt of the requested information. Upon receipt of the additional information, the processing staff will review it and make a determination as to the completeness of the certification file. Processing staff are required to obtain information from the Texas State Comptroller/Texas Secretary of State for "standing" of the applicant business and all known affiliates.
5. Familial- marital relationships (see page 9).

F. THRESHOLD REQUIREMENTS

1. The processing staff will make a determination on each of the threshold requirements.
 - a) **Size standard:** In making a determination of size standard, processing staff must reference and adhere to §26.65 and 23.33 of the regulations.
 - b) **Social disadvantage:** In making a determination of social disadvantage, processing staff must reference and adhere to §26.63 and §26.67 of the regulations.
 - c) **Economic disadvantage:** In making a determination of economic disadvantage processing staff must reference and adhere to §26.67 and 23.35 of the regulations.
 - d) **Irrevocable separation of property:** When marital assets held jointly or as community property by both spouses, are used to acquire the ownership interest asserted by one spouse, you must deem the ownership interest in the firm to have been acquired by that spouse with his or her own individual resources, provided that the other spouse irrevocably renounces and transfers all rights in the ownership interest. A copy of the document legally transferring and renouncing the other spouse's rights must have been filed in the proper court.
2. **Failure to Meet Requirement:** If the applicant firm or its qualifying owners fail to meet any one of the threshold requirements for DBE certification, the firm is to be deemed ineligible for DBE certification. The firm may appeal the denial determination to the U.S. Department of Transportation in accordance with the procedures set forth in §26.89.
3. **Review of Completed Files:** If the firm meets the threshold requirements, the processing staff will, upon a thorough and careful review of the complete file, prepare a list of firm specific questions to be

answered by the qualifying owners of the firm. These questions should be in addition to the standard questions asked of every firm and should address the particulars and unique facts of the applicant firm and its owners.

- a) In preparing firm specific questions, processing staff should be sufficiently knowledgeable of the business area in which the firm is seeking certification, anticipating issues, which will require close examination. The processing staff should have knowledge of the capitalization requirements, licensing, technical expertise, staffing, and industry practices. In the event that processing staff is unfamiliar with the requirements for the applicant business, technical assistance should be obtained from technical personnel within the agency.

Citizenship: Each individual qualifying the firm for DBE certification must demonstrate that he/she is a citizen of the United States or a lawfully admitted permanent resident. Each individual must submit acceptable documentation as proof of citizenship or permanent resident status as referenced in CFR 26.67(a).

- c) Once the applicant file is complete and the questions have been prepared, processing staff must schedule a face-to-face certification on-site review meeting with the qualifying owners at a time convenient for all participants.

G. ON-SITE REVIEW

1. The purpose of the on-site review is to verify the firm's location, personnel and operations; to substantiate information/documentation contained in the applicant file and to review business and financial records. The on-site review is the second phase of the certification review process and may be conducted on certified DBE firms in accordance with §26.83 (h) (2) of the regulations. An on-site review of the applicant firm and an interview of the socially and economically disadvantaged principals of the firm must be made in accordance with §26.83(c) (1) of the regulations.
2. The following information, if applicable, should be received and reviewed no later than the on-site review:
 - a) Cash receipts and disbursements
 - (1) Check for entries in the cash receipts journal, which disclose initial capital contributions.
 - (2) Verify operational expenditures in the cash disbursements journal. Note questionable/exceptional/unusual entries and the frequency or consistency of such expenditures.
 - (3) Note payments to and from shareholders, directors, officers and key employees in the cash disbursements journal.

- (4) Note payments to similar businesses for possible broker activity or evidence of conduit activity.
- (5) Cross reference cash disbursements with cancelled checks.
- b) Bank statements and cancelled checks

 - (2) Verify and document signature authority and consistency in which DBE owner v. non-DBE owner(s)/offices sign checks.
 - (3) Verify payments to shareholders, key employees and consultants.
 - (4) Pay particular attention to the "memo" section of checks.
 - (5) Determine if there are any additional checking accounts not disclosed prior to the visit. If so, note the authorized signatories.
 - (6) Cross reference payments to and from clients, suppliers, consultants, etc.
- c) Payroll
 - (1) Determine who is on the firm's payroll.
 - (2) Determine if the owner is receiving compensation in accordance with his/her ownership interest.
 - (3) Determine who receives bonus payments and amounts.
 - (4) Compare W-2's and 1099's to payroll register, to extent possible, for key employees.
 - (5) Pay attention to any "memo" notations on any payroll checks.
- d) Invoices and receipts
 - (1) Check telephone bills to determine if they are addressed to the DBE firm.
 - (2) Review invoices to substantiate method and source of payment.
 - (3) Check invoices for suggestion of brokering activity or reliance on non-DBE firms.
 - (4) Examine invoices for resolution of regular dealer issues (freight charges).
- e) Contract files
 - (1) Determine who executes contracts on behalf of the firm.

- (2) Verify the services provided by the applicant firm and the terms and conditions of the provision of their services.
 - (3) Verify consistency in which firm does business with a particular firm and whether any issues of dependency.
- f) Inventory and equipment
- (1) Identify nature and use of equipment possessed by firm.
 - (2) Verify ownership of equipment with invoices.
 - (3) If equipment is leased, review equipment lease agreements.
 - (4) Identify inventory maintained by firm.
 - (5) Determine whether lack of inventory suggests broker or conduit activity.
 - (6) If regular dealer, verify inventory, warehouse facility, transportation equipment, etc.
 - (7) Determine if firm's name on vehicles (trucks).
- g) Bonding and insurance
- (1) Determine who is guaranteeing or financing bonding.
 - (2) Is bond commensurate with size of firm?
 - (3) Are insurance documents in the name of the firm?
 - (4) Verify types of insurance maintained by firm.
 - (5) Does firm carry Key Man Insurance (life insurance on key person in business, should be owner-business is beneficiary)? If so, for whom?
- h) Corporate kit or business organization documents
- (1) Cross reference documents in corporate kit with original submission.
 - (2) Review all minutes and entries for voting, control, attendance, etc.
- i) Corporate kit or business organization documents
- (1) Review stock transfer ledger.
 - (2) Review cancelled/voided stock certificates and note reasons for cancellations.
 - (3) Review non-issued stock certificates to determine if there is numerical continuity.
 - (4) Verify corporate seal.
 - (5) Review by-laws for revisions since original submission of documents.

- j) Employment agreements
 - (1) Determine the existence of any Employment Agreements for owner(s) or key personnel.
 - (2) Review terms of Employment Agreements for possible conflict with qualifying owner's ability to control operations of firm.
- k) Physical characteristics of office/building location
 - (1) Determine if the firm has identifying signs outside or inside of the building/office.
 - (2) Determine if DBE owner has own office.
 - (3) Request a tour of facilities and observe equipment on premises.
 - (4) Ask questions regarding operation of equipment.
 - (5) Determine if office space shared with other companies, and if so, the nature of the business of the other companies.
 - (6) Determine if equipment, supplies, etc. is shared with other companies.
 - (7) If shared facilities, equipment, verify arrangement for sharing.
 - (8) Determine if owner(s) are operating other related or unrelated businesses from the location. If so, identify the business and its owners.
- l) Familial-marital relationships between owners and employees that is pertinent to ownership and control of the company.
 - (1) Information obtained during the on-site review must be compiled in a separate comprehensive written report. The on-site review report is made a part of the certification file and incorporated accordingly.
 - (2) Depending upon the location of the firm, a Certifying Partner may request another Certifying Partner to conduct the on-site review. In such instances, a written request must be made to the Certifying Partner conducting the review with issues of concern identified. The Certifying Partner conducting the on-site review will be responsible for preparing the on-site review report.
 - (3) An on-site visit to the job-site must be conducted if at the time of the on-site, the applicant firm is working.

H. APPLICATION WITHDRAWALS

1. An applicant's failure to permit an on-site review shall be grounds for denial of DBE certification for failure to cooperate. The firm will be denied certification and cannot reapply for twelve 12 months. The firm may appeal the denial determination to U.S. DOT in accordance with the procedures set forth in §26.89.
2. An applicant can withdraw the certification application prior to the certification determination and can reapply at any time in accordance with the procedures set forth in §26.83.
3. An applicant's written request to the Certifying TUCP Partner to cease the certification review process. A new applicant that has withdrawn its application, prior to submitting a complete DBE application (Desk Audit Checklist) and prior to an On-site Eligibility Review, can again reapply for DBE certification at any time. Any applicant that withdraws an application after an On-site Eligibility Review is conducted can reapply at any time if the application is withdrawn prior to the TUCP certifying Partner's certification determination.
4. A firm decertified for cause may not apply again for DBE certification with the TUCP for a period of one year (12 months). A firm that is decertified for not submitting an Annual Affidavit (failure to cooperate clause) may reapply for DBE certification after a six (6) month waiting period from the date of decertification.

I. CERTIFICATION DETERMINATION AND RECOMMENDATION

1. Decision Memorandum: The certification recommendation is the final product of all information, which has been reviewed, and is an evaluation of the firm's compliance with the certification eligibility standards set forth in the regulations. The written recommendation must be sufficiently comprehensive to persuade an objective party of the merits of the recommendation.
2. Management Review: The certification recommendation must be submitted to the supervisor responsible for certification review. The complete file must accompany the submission of the certification recommendation. The supervisor responsible for the certification review must provide written concurrence with the recommendation for certification or denial of certification before a letter can be forwarded to the firm's owners.

J. DBE CERTIFICATION AND ANNUAL CERTIFICATION RENEWAL

1. Written Notification: A firm will be notified in writing by the TUCP Certifying Partner that it has been granted DBE certification.
2. Length of Certification: Once a firm is certified as a DBE by the TUCP, it shall remain certified, unless and until its certification has been removed in accordance with procedures set forth in 49 CFR §26.87.

3. Change of Circumstance: A certified DBE firm has an affirmative responsibility to notify the TUCP Certifying Partner in writing, of any change in circumstances affecting size, disadvantaged status, ownership, or control requirements of the regulation, or any material change in the information provided in its application for DBE certification. Such notice must be made within thirty (30) days of the change-taking place.

Once a DBE firm has notified their TUCP certifying agency of a location change of the principal place of business,, which changes the TUCP certifying agency's authority, that agency must transfer firm's DBE authority. Such notice by DBE firm must be made within (30) days of the change to the TUCP certifying agency. The TUCP certifying agency will then notify the DBE firm and the new TUCP partner agency responsible for firm's certification in writing and transfer file within (14) days.

4. No Change Affidavit: A certified DBE firm must submit annually, on the anniversary of DBE certification, a No Change Affidavit. A No Change Affidavit is a sworn affidavit affirming that there have been no changes in the firm's circumstances affecting its size, disadvantaged status, ownership or the control requirements of the regulation, or any material change in the information provided in its application for DBE certification, including the support documentation.
 - a) Each firm will be notified by the TUCP Certifying Partner at least thirty (30) days in advance of its anniversary date, of the annual submission requirement and will be provided with the necessary affidavits to complete and return.
 - b) A firm failing to comply with the annual submission requirement will be notified in writing thirty (30) days from the date that the submission was due, of the TUCP's intent to decertify the DBE in accordance with §26.87 of the regulation.
 - c) A firm failing to comply with the annual submission requirement will be decertified under the procedures of §26.87.
 - d) The TUCP Certifying Partner shall submit to TxDOT DBE annual update information forty-five (45) days prior to the DBE anniversary date to be included in the TUCP Directory.
 - e) Certification reviews: In the interest of prudent auditing, each TUCP Member has the option of conducting on-site reviews of any firm at any time in light of changed circumstances in operational control, management or ownership; a complaint or other information concerning a firm's eligibility.

K. INITIAL DENIAL OF DBE CERTIFICATION

1. A firm will be notified in writing by the Certifying Partner that it has been denied DBE certification by the TUCP.

2. The firm will be provided with a written explanation of the reasons for denial, specifically referencing the evidence in the record that supports each reason for the denial.
3. All documents and information used to render a determination of denial will be made available for inspection by the applicant, upon written request to the Certifying Partner.
4. A firm that is denied DBE certification may not apply for certification with the TUCP for a period of one year (12 months).
5. A firm denied DBE certification may appeal the denial of DBE certification to the USDOT in accordance with §26.89 of the regulation.
6. Coordination of Denial Hearings and request for certification appeals, hearings and or meetings shall be coordinated and administratively handled by certifying TUCP Partner.

L. REMOVAL OF DBE ELIGIBILITY (DECERTIFICATION)

1. The TUCP members agree to follow the eligibility removal procedures set forth in 49 CFR §26.87 including:
 - a) Ineligibility complaints: Any person, including another TUCP member, may file a written complaint alleging that a currently-certified firm is ineligible and specifying the alleged reasons why the firm is ineligible.
 - b) Recipient initiated proceedings: If a direct recipient of federal funds determines that there is reasonable cause to believe that a currently certified firm is ineligible based on notification by that DBE firm of a change in its circumstances or any other information that becomes available, they must provide written notice to the firm that it proposes to find them ineligible for the DBE program setting forth the reasons for the proposed determination. The statement of reasons for the finding of reasonable cause must specifically reference the evidence in the record on which each reason is based.
 - c) DOT directive to initiate proceeding: If the concerned operating administration (FHWA, FTA, FAA) determines that information in your certification records, or other information available to the concerned operating administration, provides reasonable cause to believe that a firm you certified does not meet the eligibility criteria of this part, the concerned operating administration may direct you to initiate a proceeding to remove the firm's certification.
 - d) When a firm is notified that there is reasonable cause to remove its eligibility, as provided in paragraph (a), (b), or (c) of this section, it will be provided the opportunity for an informal hearing, at which the firm may respond to the reasons for the proposal to remove its

eligibility in person and provide information and arguments concerning why it should remain certified.

- e) A DBE firm whose eligibility has been removed (decertified) for any of the following reasons will be afforded an Appeal Process as stated in Section J(2):
 - (1) The business has changed to the extent that it is no longer owned or controlled by socially and economically disadvantaged individual(s).
 - (2) The DBE firm is no longer an ongoing business entity.
 - (3) The socially and economically disadvantaged owners falsified a sworn statement. This action may also result in more punitive action such as debarment.
 - (4) The DBE fails to notify the TUCP Certifying Partner, within 30 days, of changes in ownership, control, independence or status as an ongoing concern.
 - (5) A determination by the TUCP Certifying Partner that the firm no longer meets certification eligibility standards.
 - (6) The DBE exhibits a pattern of conduct indicating its involvement in attempts to evade or subvert the intent or requirement of the regulations. This action may also result in more punitive action such as debarment.
- f) Decertified firms shall be removed from the TUCP directory.
- g) A firm decertified for cause may not apply again for DBE certification with the TUCP for a period of one year (12 months). A firm that is decertified for not submitting an Annual Affidavit (failure to cooperate clause) may reapply for DBE certification after a six (6) month waiting period from the date of decertification.

M. APPEAL PROCESS

1. Initial Denials

- a) A firm denied DBE certification may appeal the denial of DBE certification to the United States Department of Transportation (USDOT) in accordance with §26.89 of the regulation. Such appeal must be filed within ninety (90) days of the date of the determination letter.
- b) Pending a determination by USDOT, the decision rendered by the Certifying Partner remains in effect for the TUCP. Upon notification by USDOT, the TUCP Certifying Partner will forward a copy of the complete administrative record for review within fifteen (15) business days.

- c) All appeal decisions rendered by USDOT are administratively final and are not subject to petitions for reconsideration.
- d) A firm that is denied DBE certification may not again apply for certification with the TUCP for a period of one year (12 months).
- e) The Database Manager will receive written notification of the certification determination rendered by the TUCP Certifying Partner.

2. REMOVAL OF CERTIFICATION

- a) Any firm that was certified under 49 CFR Part 26 and Part 23 and has had their certification proposed to be removed may file a written rebuttal or appear in person at an informal hearing.
- b) All requests for an informal hearing must be filed with the TUCP Certifying Partner responsible for the removal of DBE certification. The firm will have the opportunity to present information in person or in writing to the certifying TUCP Partner and all aspects of the hearing shall be coordinated by the TUCP certifying partner.
- c) The TUCP Certifying Partner must maintain a complete record of the hearing, by a means acceptable under State law for the retention of a verbatim record of an Administrative Hearing.
- d) Separations of Functions: The TUCP Certifying Partner must ensure that the decision in a proceeding to remove a firm's eligibility (decertification) is made by an office and personnel that did not take part in actions leading to or seeking to implement the proposal to remove the firm's eligibility and are not subject, with respect to the matter, to direction from the office or personnel who did take part in these actions.
- e) Any firm may appeal directly to the United States Department of Transportation (USDOT). Such appeal must be filed within 90 days of the date of the denial letter from the Certifying Partner.
- f) Pending a determination by the USDOT, the decision rendered by the TUCP Certifying Partner remains in effect for the TUCP.
- g) Upon notification by USDOT, the TUCP Certifying Partner will forward a copy of the complete administrative record for review. USDOT will make a determination based solely on the administrative record.
- h) USDOT will provide written notice of its decision to the TUCP and the appellant.
- i) It is the policy of USDOT to make its determination within 180 days of receiving the complete administrative record. If a determination is not made within this period, USDOT will provide written notice to

the parties explaining the reason for the delay and a date by which the appeal decision will be made.

- j) All appeal decisions rendered by the USDOT are administratively final and are not subject to petitions for reconsideration.

N. Decertification Procedures (3rd Party Certification Challenges)

- a) In compliance with §26.87 the TUCP Certifying Partners shall accept written complaints from any person, including Non-Certifying Partners, USDOT, and or a TUCP Certifying Partner alleging that a currently certified DBE firm is ineligible.
- b) The complainant must state the specific reasons for the challenge and submit documentation in support of the complaint. The complainant's identity shall be protected as provided for in §26.109 (b).
- c) The challenged firm shall be notified, in writing, by the original TUCP Certifying Partner within five (5) business days of the challenge, the basis for the challenge and the relevant regulations.
- d) The TUCP Certifying Partner responsible for the original certification shall thoroughly investigate the complaint within a reasonable time not to exceed sixty (60) days.
- e) A TUCP Certifying Partner may accompany and or conduct an investigation when a complaint is filed by another certifying partner. The TUCP Partner who receives the certification challenge has fifteen (15) days to respond in writing indicating the certification decision or indicate wishes for the challenger to proceed with the eligibility review. In cases where another TUCP 3rd Party has conducted the eligibility review, that TUCP Partner shall be responsible for all administrative procedures associated with the decertification process.
- f) When TUCP Certifying Partners cannot reach a consensus regarding the eligibility of a DBE certification as a result of an investigation, the information will be forwarded to an independent certifying partner or to FHWA-Texas Division for a final determination.
- g) The TUCP Certifying Partner shall notify the challenged firm in writing via certified mail of the preliminary findings of the complaint.
- h) The challenged firm may request reconsideration in writing, of the intent to remove certification eligibility, within fifteen (15) days of the date of the notice.
- i) The request for an appeal must be made to the investigating TUCP Certifying Partner and must indicate whether the firm wishes to file a written appeal or appear in person for a hearing to be conducted by the certifying entity.

- j) USDOT may also notify the TUCP of reasonable cause to find a certified DBE firm to be ineligible. In such cases, the TUCP shall without delay begin a proceeding to determine whether the firm's eligibility should be removed, as provided in §26.87.

O. Suspension of Certification

- a) A TUCP certifying Partner shall immediately suspend a DBE's certification without adhering to the requirements in §26.87(d) when an individual owner whose ownership and control of the firm are necessary to the firm's certification dies or is incarcerated.
- b) (1) A TUCP certifying Partner may immediately suspend a DBE's certification without adhering to the requirements in §26.87(d) when there is adequate evidence to believe that there has been a material change in circumstances that may affect the eligibility of the DBE firm to remain certified, or when the DBE fails to notify the recipient or TUCP certifying Partner in writing of any material change in circumstances as required by §26.83(i) or fails to timely file an affidavit of no change under §26.83(j).
(2) In determining the adequacy of the evidence to issue a suspension under paragraph b) of this section, the TUCP certifying Partner shall consider all relevant factors, including how much information is available, the credibility of the information and allegations given the circumstances, whether or not important allegations are corroborated, and what inferences can reasonably be drawn as a result.
- c) The concerned operating administration may direct the TUCP certifying Partner to take action pursuant to paragraph a) or b) of this section if it determines that information available to it is sufficient to warrant immediate suspension.
- d) When a firm is suspended pursuant to paragraph a) or b) this section, the TUCP certifying Partner shall immediately notify the DBE of the suspension by certified mail, return receipt requested, to the last known address of the owner(s) of the DBE.
- e) Suspension is a temporary status of ineligibility pending an expedited show cause hearing/proceeding under §26.87 of this part to determine whether the DBE is eligible to participate in the program and consequently should be removed. The suspension takes effect when the DBE receives, or is deemed to have received, the Notice of Suspension.
- f) Following receipt of the Notice of Suspension, if the DBE believes it is no longer eligible, it may voluntarily withdraw from the program, in which case no further action is required. If the DBE believes that its eligibility should be reinstated, it must provide to the TUCP certifying Partner information demonstrating that the firm is eligible notwithstanding its changed circumstances. Within 30 days of receiving this information, the TUCP certifying Partner must either lift

the suspension and reinstate the firm's certification or commence a decertification action under §26.87 of this part. If the TUCP certifying Partner commences a decertification proceeding, the suspension remains in effect during the proceeding.

- g) The decision to immediately suspend a DBE under paragraph a) or b) this section is not appealable to the US Department of Transportation. The failure of a TUCP certifying Partner to either lift the suspension and reinstate the firm or commence a decertification proceeding, as required by this section, is appealable to the U.S. Department of Transportation under §26.89, as a constructive decertification.

P. Agency Compliance

- a) If any TUCP Certifying Partner has reason to believe that another TUCP Certifying Partner is not in compliance with the requirements of 49 CFR 26, Subpart E, they should bring the matter to the attention of the TUCP Executive Committee for review and issue a Corrective Action Plan (CAP) giving the TUCP Partner 90 days to correct findings.
- b) If the Executive Committee finds that the CAP has not been resolved then a majority vote by the Executive Committee recommending removal of the TUCP Partner shall be taken and if agreed will be forwarded to FHWA, FAA and FTA.
- c) If there is a disagreement by a single member of the TUCP regarding the recommendation, that entity may make a separate notification to FHWA, FAA and FTA as a single entity and notify the partners of such in writing.
- d) The TUCP Executive Committee will be responsible for reviewing any compliance matters that pertain to the requirements of 49 CFR Part 26 Subpart E. If the TUCP Certifying Partner raising a compliance matter is not satisfied with the action taken by the TUCP Executive Committee to resolve the matter, they may make a written complaint to the appropriate USDOT Intermodal Agency, e.g., FTA, FAA, FHWA etc.
- e) TUCP Certifying partners agree to comply with coordination procedures and timeliness of forwarding information and completing request within fifteen (15) business days.
- f) TUCP Certifying partners agree to forward to TxDOT the following information by the tenth (10) of each month:
 - (1) Name, address and telephone number of firm
 - (2) Contact person
 - (3) Types of work performed by the firm with appropriate six (6) digit NAICS code and description

- (4) Geographic Location of the Firm (i.e., county)
 - (5) Website Address of the Firm
 - (6) Fax Number & E-Mail Address of the Firm
 - (7) Annual Review Date
 - (8) Gender and Ethnicity
- g) TUCP Certifying partners agree to participate in TUCP Partner Reviews to assure the quality and consistency of TUCP certification procedures. FHWA will take lead on the TUCP Partner reviews and identify a TUCP Partner to assist with the peer review.

Board of Directors Memo

June 01, 2016

Subject: Approve a Sublease Agreement with RTDB, LLC, to Access the Harbor Ferry Docks

Background:

CCRTA did not budget to operate a Harbor Ferry service for FY2016, but still maintains lease rights to the Harbor Ferry docks, Slips #52-53, in the Corpus Christi Marina and adjacent to the Texas State Aquarium. RTDB, LLC, a sister company to Harrison's Landing, has approached CCRTA about the possibility of subleasing the Harbor Ferry docks to provide a Harbor Ferry type service for the 2016 season and has already purchased a 2001 90' Skipperliner vessel.

Identified Need:

In order to accommodate RTDB, LLC's request to utilize the Harbor Ferry Docks, a sublease agreement would have to be entered into by CCRTA, the Corpus Christi City Marina, and RTDB, LLC. The sublease period would begin on June 1, 2016 and expire on December 31, 2016. Following the expiration of the agreement, CCRTA will maintain the rights to the Harbor Ferry docks. A draft of the sublease agreement is attached.

Financial Impact:

The sublease rate includes the cost of \$1,110.30 to lease the docks from the Corpus Christi Marina, which may vary depending on utility costs, as well as a monthly fee of \$135.63 to utilize CCRTA's amenities at those locations.

Committee Review:

This item was presented to the Operations Committee on May 5, 2016. Positive feedback was received, but no action was taken due to lack of quorum.

Recommendation:

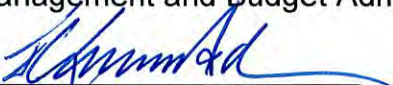

Staff requests the Board of Directors to approve a sub-lease agreement with RTDB, LLC, to access the Harbor Ferry docks.

SUBLEASE AGREEMENT

BETWEEN C.C. REGIONAL TRANSPORTATION AUTHORITY AND RTDB, LLC

RTDB, LLC ("RTDB"), a sister company to Harrison's Landing, has acquired a 2001 90' Skipperliner for the purpose of operating passenger sightseeing excursions and public/private cruises & rentals. This vessel also shall be used to shuttle passengers to and from the City Marina to the City's dock at the Texas State Aquarium ("TSA"). Corpus Christi Regional Transportation Authority ("CCRTA") currently leases Slips #52-53 in the City Marina, which offer a superior location from which to operate the shuttle cruises back and forth to the dock adjacent to TSA.

1. Sublease Term. RTDB agrees to sublease from CCRTA (Lessee), and CCRTA agrees to sublease to RTDB, Slips #52-53 for the period beginning June 1, 2016 through December 31, 2016. For the same term, CCRTA additionally leases to RTDB, and RTDB leases from CCRTA CCRTA's harbor ferry amenities including the ticket booth, sign, pump-out station, gangway and fenders at the city's dock at TSA, and any other items that may be available from the CCRTA's prior harbor ferry operation.

If CCRTA does not include provision for a ferry operation in its 2017 budget, RTDB would like to discuss purchase of CCRTA's amenities described above, and also requests that CCRTA terminate its slip lease with the City Marina at 12/31/16, so that RTDB may enter into a slip lease for the same space.

2. Rate. RTDB agrees to assume the fees regularly paid to the City Marina for the slip rent (\$844.80), utilities (\$99.50), ticket booth rent (\$100.00), ticket booth utilities (\$66.00) and the monthly metered electric service, together with any other fees charged by the City Marina for the use of such Slips and facilities. RTDB also will be responsible for any rate increases imposed for the aforementioned expenses during the term of this Agreement.

As specified in Paragraph 11 of the Marina Space Rental Contract, any sublease must receive written approval by the Marina Superintendent, and requires pre-payment of an amount equal to the sum of all rental payments for the specified maximum duration of the sublease. Said amount shall be applied as a credit to the account of the CCRTA. RTDB shall be bound by all the terms of the CCRTA's Contract except as specifically modified by the sublease agreement and approved by the City Marina Superintendent. This Agreement shall in no way divest, preclude, or prejudice CCRTA's rights and claims under the terms of its Marina Space Rental Contract.

Additionally, RTDB shall be responsible for its own trash disposal. RTDB also either shall switch electric utility service to its name for the duration of this Agreement or reimburse CCRTA upon presentation of the monthly statements. RTDB agrees to pay to CCRTA a rental fee in the amount of \$135.63 per month for the use of the CCRTA property described in Section 1 above.

3. Insurance. RTDB agrees to maintain insurance as required by the City of Corpus Christi's Risk Management Department, naming both the City of Corpus Christi and CCRTA as additional insureds. A copy of the certificate of insurance shall be provided to the CCRTA.

4. Annual Certification. Prior to the approval of the execution of this Agreement, RTDB shall establish to the satisfaction of the Marina Superintendent proof of ownership of the above-described watercraft. The City reserves the right any time to "spot check" and ascertain ownership of the watercraft in the slip assigned above.

5. Release of Liability. RTDB agrees to release, indemnify, and "hold harmless," the City and CCRTA, of and from any and all claims for damages, losses, expenses and costs, of any nature, arising by reason of use of the rented slip/space, adjacent docks, pilings, piers, and all other property of the City and the CCRTA.

6. Hurricane Threat. RTDB will make pre-arrangements to remove or have removed its vessel and the movable CCRTA equipment leased under this Agreement from the City Marina in the event there is a threat from hurricane, and agrees to comply with such hurricane procedures as the City Marina Superintendent prescribes.

7. Penalty for Violation. The rules and regulations contained in the City of Corpus Christi's standard "Marina Space Rental Contract" are the policies and ordinances of the Corpus Christi City Marina. It is understood by RTDB that violation of any such provision of these carries a fine not to exceed Two Hundred (\$200) Dollars, plus possible loss of space privileges. Upon the refusal to comply with a lawful order of the Marina Superintendent and/or his staff, the Superintendent may revoke the rental of space for the watercraft and order its immediate removal. Should such owner, master or operator or any person refuse such order, such watercraft may be removed by the Marina Superintendent.

8. Catwalks, Bulkheads Kept Free of Materials. RTDB understands that materials, trash and/or equipment left upon the docks, catwalks, and bulkheads will be removed, without notice, by the Marina Staff. These areas must be kept clean and clear at all times.

9. Boat Repair at Spaces. It is understood by RTDB that no owner, master, operator or his agent of a watercraft, is permitted to make major hull and/or superstructure

repairs while berthed at the space without written permission from the Marina Superintendent, who has authority to order the termination of such work.

10. Liveboards. RTDB understands at no time shall there be no live aboard activity.

11. Damages. RTDB will be responsible for the damage to the Marina space fixtures and the CCRTA equipment leased in Section 1 above caused by its watercraft or its employees.

12. Craft Regulation Equipped. RTDB will maintain the vessel and equipment in accordance with the U.S. Coast Guard regulations and operate the vessel according to the "Rules of the Road" and the navigation laws of the United States.

13. Bilgewater, Oils and Inflammables. RTDB understands it is unlawful for any person to discharge or permit the discharge of any oily bilge water, oil or inflammable liquids of whatsoever kind in the waters of the City Marina.

14. Parking. It is understood that all parking areas, including parking lots and curb parking, are for the use of the general public while indulging in recreational activities. The parking areas are under the control of the City Marina supervisory staff. It is further understood that no owner, master, operator or any person in charge of any watercraft shall direct, order or request any other person to refrain from parking any vehicle in any of the designated parking places of the Marina T-Head.

15. Notification of Hazardous Conditions. RTDB shall notify the Marina Superintendent, in writing, of any conditions, defects, or failing of the leased slip/space, docks or other property that may become hazardous and/or require repair or maintenance. RTDB shall also notify the Marina office of any vandalism, theft, or other pending or committed crime in the Marina area. RTDB shall notify CCRTA, in writing, of any damages or hazardous conditions of any kind affecting the CCRTA's equipment leased in Section 1 above.

16. Special Regulations for Charter Boats. As per the terms of the "Special Regulations for Charter Boats" contained in the Marina Space Rental Contract, RTDB acknowledges that:

- 1) All signs awnings and ticket booths shall conform to the City Ordinances specifically written for their control or they shall be removed, without notice, by the Marina Supervisory Staff.
- 2) Solicitation of passengers shall be confined to the rented space and no person shall attract passengers by means of arm waving or excessive noise, including music.

RTDB agrees to comply with and to be governed by, applicable federal, state, and local laws, rules and regulations, including Chapter 12 of the City of Corpus Christi Code of Ordinances and the Marina Rules and Regulations, as amended, and as listed on their current Marina Space Rental Contract is aware that there is nothing in the Marina's Space Rental Contract prevents the City from enforcing the provisions of Chapter 12 of said code.

Board of Directors' Memo

June 1, 2016

**Subject: Authorize a Contract for Security Services at the Staples Street Center
and Bear Lane Operations Facility**

Background

Currently, the CCRTA utilizes a security services contract for the Bear Lane Administration and Operations facility which provides for services on the weekends, but does not include the hours necessary to provide security services at the Staples Street Center.

Identified Need

On May 04, 2016, the Board of Directors authorized issuing a request for proposals (RFP) for security services at the new Staples Street Center and also requested additional information on the differences between law enforcement services and security services. This information will be presented to the Operations Committee meeting on May 25, 2016.

The RFP was structured as a two-year base contract with one option year. On Friday, May 20, 2016, six (6) proposals were received from the following in response to the RFP.

1. Amtex Security
2. American Investigations & Security International
3. PAI Security
4. Sec Ops
5. Secure Co.
6. Vets Securing America

The evaluation team consisted of:

- Billy Laridis Management and Budget Administrator
- Mike Rendon Director of Safety and Security
- Sharon Montez Managing Director of Customer Services
- Rosa Villarreal Managing Director of Operations
- Paul Harvey San Antonio VIA Metropolitan Transit Safety and Emergency
Management

The proposals were evaluated for the following technical criteria and the price for the top three (3) proposals was disclosed and factored into the overall score:

Key Personnel	20 pts
Project Approach	25 pts
Relevant Experience and Past Performance	25 pts
Training	30 pts
Price	100 pts

The results of the evaluations are shown below:

	Key Personnel (20 Pts)	Project Approach (25 Pts)	Experience and Past Performance (25 Pts)	Training (30 Pts)	Technical Total (100 Pts)	Price Points (100 Pts)	Grand Total (200 Pts)
Amtex Security	13.80	17.00	18.20	20.00	69.00		
American Investigations & Security International	14.60	16.00	17.40	21.60	69.60	93.67	163.27
PAI Security	0.00	0.00	0.00	0.00	0.00		
Sec Ops	15.60	18.00	19.20	22.00	74.80	100	174.80
Secure Co.	14.40	15.40	18.40	19.60	67.80		
Vets Securing America	18.40	22.20	20.20	25.40	86.20	97.72	183.92

Staff is recommending awarding a contract for security services at the new Staples Street Center to Vets Securing America who received the highest overall points total. Vets Securing America is headquartered in San Antonio, Texas, with a local office in Corpus Christi, Texas. They have been in business since 2006 and have provided security services to the Corpus Christi Independent School District, the Texas Department of Transportation, Dallas Area Rapid Transit, Texas Health and Human Services, as well as the Houston Housing Authority.

Financial Impact

The total cost for the two-year base contract is \$338,003.68 and is budgeted in the 2016 operating budget using local funds. Budget will be requested for subsequent years during the annual budget process.

Committee Review

These items were presented to the Operations Committee on May 5, 2016. We received positive feedback, but no action was taken due to lack of quorum.

Recommendation

Staff requests that the Board of Directors authorize the Chief Executive Officer or designee to award a contract to Vets Securing America for Security Services at Staples Street Center and Bear Lane Operations Facility.

Board of Directors Memo

June 1, 2016

**Subject: Exercise Contract with Bridgestone Company for Tire and Leasing
Services- IFB No. 2016 SP-04**

Major Provisions of Tire-Leasing Contract

This contract provides that the successful contractor furnish the following services:

- Furnish new manufactured radial tires for use on the RTA's bus fleet. (Note: Contractor maintains title to all tires furnished.)
- Maintain tires on buses so as to ensure tires will not be allowed to operate with less than specified minimum operating tread depths.
- Furnish the number of tires to keep all buses fully equipped and to provide a reserve supply to be mounted on rims and kept in inventory at the RTA's Maintenance facility for immediate use.
- Provide one (1) full-time service worker – Monday through Friday. The service worker is responsible for the following tasks:
 - mounting and dismounting tires from buses;
 - repairing tires damaged in use;
 - balancing and inflating tires prior to placement on tire ready rack;
 - maintaining proper inflation of tires, mounting and dismounting tires from rims;
 - cleaning rims;
 - inspecting wheels for adverse conditions;
 - conducting monthly inventories;
 - maintaining daily records on a current basis; and
 - maintaining the tire service area.
- Furnish and maintain (contractor provided) tire changing machines, balancing machine, required tools, and hydraulic jacks.

Identified Need

Staff is requesting the Board of Directors to award the tire leasing and services to Bridgestone Americas Operation LC. The bid was structured as a three (3) year base contract with two (2) one-year options; the option years requiring Board of Directors approval.

The following chart shows a comparison of cost for the proposals received for this service. The costs shown are based on the tire rates in each contract applied against the number of tire-miles used in the new contract IFB.

RTA Experience with Bridgestone/Firestone

Bridgestone/Firestone has provided satisfactory service for CCRTA for the past several years. The company has provided prompt responses to issues needing to be addressed with its tires or assigned service staff. Staff believes this satisfactory service will continue with this contract.

Disadvantaged Business Enterprise

This vendor has provided staff with good-faith effort and has agreed to look at all local opportunities that will help meet the Regional Transportation Authority's goal on this solicitation.

Financial Impact

Total amount of expenditures will be determined on actual usage. Funds are budgeted in FY2016 Operating Budget a total of \$155,486.00.

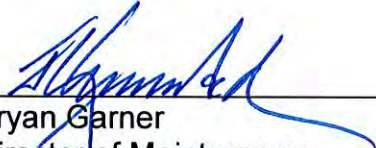

Committee Review

Operations Committee met and reviewed this item but did not take action due to no quorum being present.

Recommendation

Staff requests the Board of Directors authorize the Chief Executive Officer (CEO) or designee a three-year base contract with two (2) one-year options; the option year requiring Board of Directors approval with Bridgestone Americas Tire Operations, LLC for Tire and Leasing Services.

Board of Directors' Memo

June 1, 2016

**Subject: Resolution Authorizing Confirmation and Execution of Third
Amendment to RTA Employees Defined Benefit Plan and Trust**

Background

RTA currently has an Employee Defined Benefit Plan & Trust. During the 2016 Budget process, a cost-of-living increase was included in the budget for retirees. The Board of Directors approved this increase through the adoption of the 2016 CCRTA Operating Budget on November 4, 2015.

Identified Need

The Defined Benefit Plan and Trust document requires an amendment to the plan to incorporate this cost-of-living adjustment. The proposed resolution and amendment to the plan are included as Attachment #1 and #2, respectively.

Committee Review

This item was presented to the Audit, Finance, Health and Pension Sub-Committee on May 25, 2016.

Recommendation

Staff requests the Board of Directors confirmation and execution of the Third Amendment to the RTA Employees Defined Benefit Plan and Trust through resolution.

ATTACHMENT #1

RESOLUTION

AMENDING THE RTA EMPLOYEES' DEFINED BENEFIT PLAN AND TRUST TO CONFIRM THE BOARD OF DIRECTORS' AUTHORITY TO PROVIDE COST OF LIVING ADJUSTMENTS FOR PARTICIPANTS RECEIVING MONTHLY RETIREMENT BENEFITS AND IMPLEMENTING A COST OF LIVING ADJUSTMENT IN 2016

WHEREAS, the Corpus Christi Regional Transportation Authority, (the "RTA") has adopted and maintains the RTA Employees Defined Benefit Plan and Trust (the "Plan") in order to provide retirement benefits to its employees; and

WHEREAS, the RTA desires to amend the Plan to confirm the authority of the Board of Directors to provide cost of living adjustments for participants receiving monthly retirement benefits;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE CORPUS CHRISTI REGIONAL TRANSPORTATION AUTHORITY THAT:

1. The Board hereby amends the Plan by approving and adopting the Third Amendment to the RTA Employees Defined Benefit Plan and Trust in the form attached hereto, to be effective as of January 1, 2016.

2. The Board hereby confirms the implementation of cost of living adjustments in the amount of five percent (5%) for participants receiving monthly retirement benefits whose benefits began on or prior to January 1, 2005, and two percent (2%) for participants receiving monthly retirement benefits whose benefits began between January 2, 2005, and January 1, 2010, as provided in the 2016 Operating Budget, such adjustments to be effective as of January 1, 2016.

Duly PASSED and ADOPTED this 1st day of June, 2016.

ATTACHEMENT #2
THIRD AMENDMENT
TO THE
RTA EMPLOYEES DEFINED BENEFIT PLAN AND TRUST
(As Amended and Restated Effective January 1, 2010)

Pursuant to Section 7.01 of the RTA Employees Defined Benefit Plan and Trust (the "Plan"), the Corpus Christi Regional Transportation Authority (the "RTA") hereby amends the Plan to add a new Section 3.11, immediately following Section 3.10, to read as follows:

3.11 COST OF LIVING ADJUSTMENTS

The Employer may from time to time provide cost of living adjustments for Participants receiving monthly retirement benefits in amounts determined solely within the discretion of the Board. Such adjustments shall be effective upon the effective date of the operating budget of Employer providing the necessary funding for such adjustment or as otherwise established by resolution of the Board.

IN WITNESS WHEREOF, Corpus Christi Regional Transportation Authority has caused this Third Amendment to the RTA Employee Defined Benefit Plan and Trust to be executed by its authorized officers on this 1st day of June, 2016.

US is a bit a-drift but at least we're floating

Oil prices Since 1996 – A Wild Ride

- The same four major factors are determining the pace and shape of the markets and the general economy: oil, jobs, inflation and global forces.

- Oil and the stock market have shown an amazing correlation. Since November, prices of both have match stepped two-thirds of the time. Some of this comes from oil-producers selling off their stocks to pay the bills and part from an anticipated price freeze in April, which now looks to have been an “oil-pipe” dream. All of this worries investors and creates volatility. Uncertainty drives investors to safe harbors like treasuries.

- Oil prices still fight against stockpiles, which will reduce prices slightly, even with a freeze. A freeze at this point would not clear stockpiles and not push prices higher. Oil closed March at \$37.

- The jobs situation is also brightening with two surprisingly good employment numbers in the quarter keeping the job growth at a solid level. A steady demand is drawing more people back in to the work force although many are only part-time positions which has been stable for six months. Jobs have grown in the retail and construction areas throughout the quarter.

- The key jobs number is the labor force participation rate showing the labor force as a percent of the populations. The rate is at its highest in two years. The work week stayed basically unchanged gaining only slightly. None of this boosts consumer sales or wage inflation. Although it is touted to raise hike chances there is still much more to consider.

SOURCE: WWW.FEDRESERVEINFO.COM, U.S. BUREAU OF LABOR STATISTICS

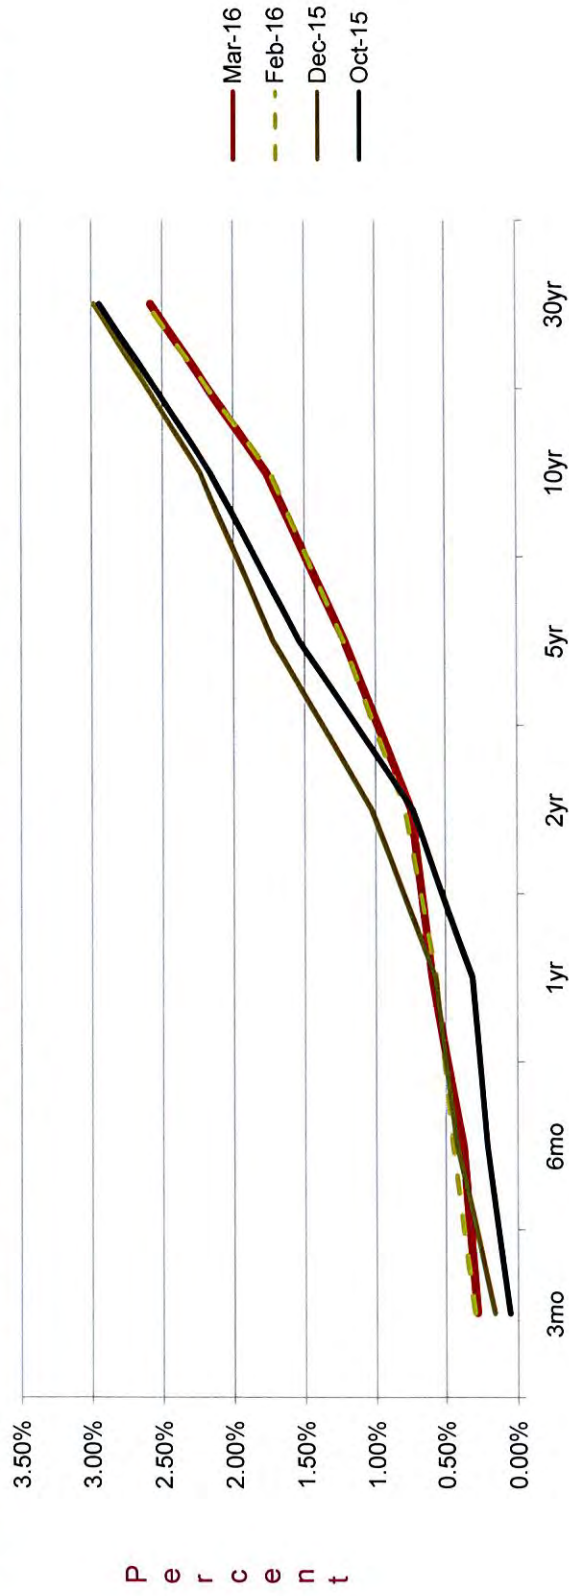

Central Banks Contemplate Their Global Outlook

- Inflation has taken on increased importance with low readings worrying the Fed. Inflation is staying well below the 2% Fed target. Their key indicator – the PCE – is growing but very slowly and PPI and CPI growth is well below 1%.
- The FOMC has said the low inflation rates are largely due to the oil supply which in turn helps the consumer and economy. The Committee also believes the rate will increase over the medium term due to strengthening in labor markets and closing the output (trade) gap.
- The Fed also attributes low treasury rates to increased demands from global investors who are facing low or negative rates.
- Central banks around the world are maintaining their low to negative positions in hopes of improving domestic situations. The ECB once again has cut the main rate and has expanded their quantitative easing program. Draghi has indicated there will be “no further [cuts] but global growth is slow” so conditions still rule.
- Inside the Fed a mini-revolt has been brewing which keeps the markets on edge also. Chair Yellen’s comments for the quarter have focused on a slowing economy and conditions worsening since the December rate hike. Four of the 11 District Presidents have come out for normalization (hikes) but the votes on the Committee remain dovish. Yellen’s cautious tone will only change with strong evidence of growth especially wages and signs of wage inflation.

Rates

- The 2-year Treasury Note continues to be the fulcrum for the curve.
- Clearly the curve is reacting, almost daily, to the pressures of the oil market and its possible price freeze, the employment news and the strength of the dollar.
- The longer end has stayed the course from last month but dropped from last quarter when more rate hikes were clearly being projected by the Fed. Yellen's recent comments have reduced those chances significantly letting the long end drop – anticipating a continuing run in long term treasury yields (down).
- Short term rates don't have much wiggle room but dropped in March – especially the last week in the month – based on domestic issues but also the continuing negative interest rates being offered in other international markets. The ECB continued easing starts April 1.

- P&A constantly reviews your portfolio for optimal asset allocation and a controlled average maturity because a diversified portfolio can better adjust to volatile market conditions.
- The very short-term rates have moved up in the last quarter offering some opportunities for diversification – especially for those with access to commercial paper. Past one year there are many more alternatives as rates creep up.
- Banks remain *uninterested* in new deposits and municipal debt has become less attractive as the supply of new muni bonds dries up. Few outperform the agencies at this point in time.
- It is still time to reduce cash balances and stretch out longer and into the two year area if possible.
- The non-cash portion of your portfolio is yielding 0.57%.

Board of Directors' Memo

June 1, 2016

**Subject: 1st Quarter 2016 Reports for the Defined Benefit Plan and Trust and the
Defined Contribution Plan**

Defined Benefit Plan and Trust

Background

The *RTA Employees Defined Benefit Plan and Trust* (DB Plan) is a single-employer defined benefit pension plan administered by the Corpus Christi RTA. Vesting of benefits for all full-time employees is between three and seven years and discounted early retirement benefits are available at age 55. Normal retirement age under the Plan is 62.

Identified Need

The Defined Benefit Plan Investment Performance Report for the period ending March 31, 2016 is provided as a separate attachment.

Financial Impact

The portfolio's investments had a return of 1.63% for the first quarter of 2016, compared to a return of 2.42% for the fourth quarter of 2015.

Defined Benefit Plan	
Portfolio Value, December 31, 2015*	\$30,221,978

<i>*Market value may differ slightly between various portfolio reports due to market changes between the time different reports are run</i>	

Defined Contribution Plan and Trust

Background

The *RTA Employees Defined Contribution Plan* (DC Plan) covers all employees. Employees are required to contribute 7.51% of gross compensation and may also make voluntary post-tax contributions up to 10%. Retirement benefit amounts depend on contributions and investment earnings. Employees are fully vested in their contributions and direct their investments.

Identified Need

The Defined Contribution Plan Investment Performance Report for the period ended March 31, 2016 is provided as a separate attachment.

Financial Impact

The portfolio's investments had a positive return of 0.443% for the first quarter of 2016 compared to a return of 3.1% for the fourth quarter of 2015.

Current market status

Return of volatility and mixed performance for the quarter

- After a nerve-racking and volatile start to 2016, equities attained some much-needed positive traction in March. The recovery in oil and a depreciating U.S. dollar helped investors shake off pessimism and gain confidence in the market. The S&P 500 gained 6.8 percent in March, bringing the quarter's return to 1.4 percent.
- Large-cap U.S. sector performance was positive in eight of ten sectors for the quarter. Utilities and telecom lead the way with double digit positive returns. Despite positive returns in March, financials and health care were negative for the quarter.
- Mid-cap stocks rallied, rising 8.2 percent in March and 2.2 percent YTD.
- Despite the March rally, most Developed Markets remain in negative territory YTD.
- The MSCI Emerging Markets Index was a top performer during the quarter gaining 5.7 percent.

Current market status

Bonds broadly positive

- Overall, US Bonds returned 3 percent for the quarter.
- Investment-grade corporates ended with positive returns as risk assets recovered and oil prices stabilized. This also fueled a positive quarterly return for high yield bonds.
- For foreign bonds, the fall in the dollar index (DXY) meant that unhedged bonds outperformed hedged bonds. Eurozone yields declined after the ECB's decision to expand its bond-buying program by one-third, from €60 billion (\$68 billion) to €80 billion (\$90 billion).
- The mix of a dovish Fed, weaker dollar, and the oil-price rally late in the quarter was a powerful stimulus to emerging market bonds and currencies.

The global economy

Increasing domestic payroll count and consumer confidence

United States:

- March's U.S. employment report surprised to the upside, with 215,000 net positions added. The unemployment rate increased to 5.0 percent as individuals entered, and more importantly reentered, the labor market. Wages beat expectations to increase 0.3 percent in the month and are up 2.3 percent over the last twelve months.
- The Conference Board's Consumer Confidence Index rebounded in March to 96.2. February's surprise seven-month low of 92.2 was also revised up to 94.0. Although confidence in present conditions declined slightly, expectations for the future recovered significantly.

Non-U.S.:

- In March, the European Union's government statistics office reported that the Eurozone economy expanded in the fourth quarter at a better than expected 1.6 percent annualized rate. However, a detailed breakdown of the growth figures reflect a slight slowdown in household consumption and a reflection of generally weaker retail sales figures during the quarter.
- In Japan, a final read on GDP for the fourth quarter showed the economy contracted on a quarter-over-quarter seasonally adjusted annualized basis by 1.1 percent.
- Measures of economic activity in China were mixed during the quarter.

The outlook

Declining profits but increased ISM expectations

- The third look at U.S. GDP for the fourth quarter was revised upwards to 1.4 percent annualized. Personal consumption was revised up to 2.4 percent from 2.0 percent. Business investment weakened, but residential investment and government expenditures increased. Corporate profits were down 7.8 percent in the quarter and 11.5 percent from a year ago. Profits have declined in four of the past five quarters.
- The Institute for Supply Management (ISM) manufacturing survey improved to 51.8 points in March. The ISM non-manufacturing or services survey increased to 54.5 points, above expectations and reversing the decline begun in November. Employment was the only component within the manufacturing survey that declined. Within the services survey, all components improved, with only prices remaining in contractionary (below 50) territory.

Economic Indices

The Conference Board **Consumer Confidence Index**[®] (CCI) is a barometer of the health of the U.S. economy from the perspective of the consumer. The index is based on consumers' perceptions of current business and employment conditions, as well as their expectations for six months hence regarding business conditions, employment, and income.

The Conference Board U.S. **Leading Economic Index**[®] is a composite economic index designed to signal peaks and troughs in the business cycle. The leading economic index is essentially a composite averages of several individual leading indicators. They are constructed to summarize and reveal common turning point patterns in economic data in a clearer and more convincing manner than any individual component – primarily because they smooth out some of the volatility of individual components.

The Institute of Supply Management (ISM) **Manufacturing Index**[®] is a composite index based on the diffusion indexes of five of the indexes with equal weights: New Orders (seasonally adjusted), Production (seasonally adjusted), Employment (seasonally adjusted), Supplier Deliveries (seasonally adjusted), and Inventories. An Index values over 50 indicate expansion; below 50 indicates contraction. The values for the index can be between 0 and 100.

The Institute of Supply Management (ISM) **Non-Manufacturing Index**[®] is a composite index based on the diffusion indexes for four of the indicators with equal weights: Business Activity (seasonally adjusted), New Orders (seasonally adjusted), Employment (seasonally adjusted) and Supplier Deliveries. An Index values over 50 indicate expansion; below 50 indicates contraction. The values for the index can be between 0 and 100.

"The Markit PMI[™] (**Purchasing Managers' Index**[™]) series are monthly economic surveys of carefully selected companies compiled by Markit. They provide advance insight into the private sector economy by tracking variables such as output, new orders, employment and prices across key sectors. A value above 50 represents an overall positive improvement in survey results while a value below 50 reflects a deterioration in survey responses."

Disclosures

Wells Fargo, as your fiduciary asset manager, offers Wells Fargo Managed Allocation Portfolios, a discretionary asset allocation strategy designed for institutional trust clients seeking a diversified portfolio of selected mutual funds or bank collective funds, including both proprietary investments (Wells Fargo Advantage Funds) and non-proprietary investments (non-Wells Fargo Advantage Funds.)

The investment objective is to realize an annual total return consistent with the risk profile of the client. Wells Fargo will seek to achieve the risk objective chosen by investing the account's assets in mutual funds or bank collective funds. Wells Fargo may also invest the fixed income component in individual U.S. Government obligation issues or other fixed income securities rated investment grade or higher. The portfolios of the mutual funds or bank collective funds may hold common stock, fixed income securities and money market instruments, among other possible types of investments. Wells Fargo Managed Allocation Portfolios are not registered investment products, and therefore are not required to comply with provisions of the Investment Company act of 1940.

The proportion of the account's assets to be invested in each asset class represented by one or more mutual funds or bank collective funds or individual fixed income investments will be determined by Wells Fargo in light of the account's diversification requirements, liquidity needs, and aversion to risk as specified by the investment objective and the plan, trust or other limitation requirements detailed by the client. Wells Fargo will establish initial target allocation percentages among the asset classes that are suitable for the risk profile selected. In order to achieve the investment objective of the account, Wells Fargo may vary the target allocation percentages within the ranges specified, as well as the investments utilized from time to time within each asset class. The account will be reviewed periodically to insure that the actual proportions in each asset class are within the current target allocation for the selected profile. (Cash flow and differing investment performance of each investment within the selected profile may affect the actual proportions of each asset class in the account over time.) If the actual proportions are not within the range of the target allocation at the time of the periodic account review, the account will be rebalanced in order to reflect the current target allocation more closely.

Proposed Money Market Reform

Background

- The SEC adopted amendments to the rules that govern money market mutual funds. These amendments aim at decreasing the credit and liquidity risks of money market portfolios.
- The rules provide money market fund providers with additional tools to address runs on the market including liquidity fees and redemption gates.
- The new rules will require compliance on October 14, 2016.

Liquidity Gates and Redemption Fees

Fund Type	Treasury / Government Money Market Funds	Prime / Municipal Money Market Funds
Redemption Fees	NO ¹	Up to 2%
Liquidity Gates	NO ¹	Up to 10 Days

- A fund's Board of Directors is able to set the amount of any liquidity fee and any gate up to the maximum and is required to act in the best interest of shareholders.

¹ Treasury / Government money market funds will **not** have the option of imposing redemption fees and gates unless disclosed to investors in advance. Proposed Money Market Reform - Continued

Additional Changes

- Government money market funds will be required to invest at least 99.5% of assets government securities, or repurchase agreements collateralized entirely by cash or government securities, or cash. Formerly up to 20% could be invested in non-government assets.
- Non-government institutional money market funds will be required to have floating net asset values ("NAV"), as opposed to \$1/share valuation, to allowing fund pricing to fluctuate with the market.

Retirement Effects

- Bank sponsored collective funds, such as stable value and short term investment funds, will not be affected.
- Since government money market funds are not required to implement redemption gates and liquidity fees under the amendment, industry experts expect a shift towards these lower yielding government funds.
- It is unclear how effective these amendments will be during a financial crisis.
- Wells Fargo has additional details available on short-term investment options for clients interested in more information.

Recent Fee Litigation

Background

- Lawsuits around fees and fiduciary breaches within defined contribution plans have increased dramatically over the past several years.
- The majority of these suits have either been dismissed by courts or settled before trial.
- The common threads across these suits:
 1. Lack of monitoring/documentation of process
 2. Conflicts of interest
 3. Subsidization of costs using participant driven plans to benefit the plan sponsor

DOL Definition of a Fiduciary (Conflict of Interest Proposed Rule)

Background

- The Department of Labor (DOL) published its revised proposal to expand the scope of fiduciary obligations under the Employee Retirement Income Security Act (ERISA) in 2015. The proposal generated significant attention, with over three thousand comments being submitted from the general public, industry groups, and other stakeholders.
- The final rule was published in the Federal Register on April 8, 2016 and is scheduled to be applicable on April 10, 2017. The final rule includes numerous changes that incorporate feedback received during the comment period.
- The final rule was accompanied by new and amended prohibited transaction exemptions, including a revised Best Interest Contract Exemption.
- Wells Fargo has consistently supported, and continues to support, a standard of care for retirement advice and education that enhances protections for retirement savers, while preserving access to the full range of investment products and services they currently enjoy. Wells Fargo will carefully review the final DOL rule, and over the coming months will determine any changes that may be required.

Retirement Income Solutions

Background

- Retirement income solutions is a general term. Products range from education tools that help participants plan for retirement to guaranteed income stream investments.
- Including a retirement income solution was the most popular (24%) response to a recent survey asking plan sponsors for one thing they would change about their DC plan or DC plans in general.¹
- The DOL has issued some guidance, but many plan sponsors are looking for additional clarification and explicit fiduciary protection. This has contributed to limited product adoption rates to this point.

Plan Sponsor Considerations

- Many types of products are available but the market is still evolving to identify products that are attractive to participant needs while simultaneously addressing the fiduciary concerns of plan sponsors.
- Institutional Retirement and Trust (IRT) continues to explore retirement income options that may be appropriate and of interest to our clients. Prudential IncomeFlex® is currently offered as an in-plan guaranteed retirement income option.

Investor Fund Flows

Background

- Equity markets got off to a rocky start in 2016 with the S&P 500 being down more than 10% YTD in mid-February.¹
- Overall, taxable bond funds saw an increase in asset flows reversing two quarters of outflows. The Intermediate-Term Bond category saw inflows of more than \$16 billion for the quarter.¹
- Target-date funds continued to see strong inflows during the first quarter, taking in an estimated \$18 billion. This increase comes on the heels of the largest yearly increase in net contributions where in 2015 target date funds collected almost \$70 billion in assets. Collectively, target-date funds now hold more than \$750 billion in assets.¹
- The quarter saw a continuing trend of assets flowing out of US equity (-\$15 billion) and into foreign equity funds (+\$24 billion).¹
- Investors continued to move assets into passive funds in the Large Blend space with approximately \$20 billion moving to passive funds while active managers saw net redemptions of around \$14 billion.¹

Plan Sponsor Considerations

- The focus for plan sponsors is that it remains important to provide participants the opportunity to build a diversified portfolio by offering them a range of investment options as well as education.
- Many plan sponsors continue to offer a mix of active and passive investment options to satisfy the needs of participant choice. Wells Fargo supports this with an open-architecture platform combined with competitive proprietary active and passive funds for sponsor's to consider.
- Plan sponsors can also consider offering managed account and advice services to aid participants in constructing their portfolios. Wells Fargo, in combination with Morningstar, offers the Target My RetirementSM service.

Current market status

Return of volatility and mixed performance for the quarter

- After a nerve-racking and volatile start to 2016, equities attained some much-needed positive traction in March. The recovery in oil and a depreciating U.S. dollar helped investors shake off pessimism and gain confidence in the market. The S&P 500 gained 6.8 percent in March, bringing the quarter's return to 1.4 percent.
- Large-cap U.S. sector performance was positive in eight of ten sectors for the quarter. Utilities and telecom lead the way with double digit positive returns. Despite positive returns in March, financials and health care were negative for the quarter.
- Mid-cap stocks rallied, rising 8.2 percent in March and 2.2 percent YTD.
- Despite the March rally, most Developed Markets remain in negative territory YTD.
- The MSCI Emerging Markets Index was a top performer during the quarter gaining 5.7 percent.

Current market status

Bonds broadly positive

- Overall, US Bonds returned 3 percent for the quarter.
- Investment-grade corporates ended with positive returns as risk assets recovered and oil prices stabilized. This also fueled a positive quarterly return for high yield bonds.
- For foreign bonds, the fall in the dollar index (DXY) meant that unhedged bonds outperformed hedged bonds. Eurozone yields declined after the ECB's decision to expand its bond-buying program by one-third, from €60 billion (\$68 billion) to €80 billion (\$90 billion).
- The mix of a dovish Fed, weaker dollar, and the oil-price rally late in the quarter was a powerful stimulus to emerging market bonds and currencies.

The global economy

Increasing domestic payroll count and consumer confidence

United States:

- March's U.S. employment report surprised to the upside, with 215,000 net positions added. The unemployment rate increased to 5.0 percent as individuals entered, and more importantly reentered, the labor market. Wages beat expectations to increase 0.3 percent in the month and are up 2.3 percent over the last twelve months.
- The Conference Board's Consumer Confidence Index rebounded in March to 96.2. February's surprise seven-month low of 92.2 was also revised up to 94.0. Although confidence in present conditions declined slightly, expectations for the future recovered significantly.

Non-U.S.:

- In March, the European Union's government statistics office reported that the Eurozone economy expanded in the fourth quarter at a better than expected 1.6 percent annualized rate. However, a detailed breakdown of the growth figures reflect a slight slowdown in household consumption and a reflection of generally weaker retail sales figures during the quarter.
- In Japan, a final read on GDP for the fourth quarter showed the economy contracted on a quarter-over-quarter seasonally adjusted annualized basis by 1.1 percent.
- Measures of economic activity in China were mixed during the quarter.

The outlook

Declining profits but increased ISM expectations

- The third look at U.S. GDP for the fourth quarter was revised upwards to 1.4 percent annualized. Personal consumption was revised up to 2.4 percent from 2.0 percent. Business investment weakened, but residential investment and government expenditures increased. Corporate profits were down 7.8 percent in the quarter and 11.5 percent from a year ago. Profits have declined in four of the past five quarters.
- The Institute for Supply Management (ISM) manufacturing survey improved to 51.8 points in March. The ISM non-manufacturing or services survey increased to 54.5 points, above expectations and reversing the decline begun in November. Employment was the only component within the manufacturing survey that declined. Within the services survey, all components improved, with only prices remaining in contractionary (below 50) territory.

Economic Indices

The Conference Board **Consumer Confidence Index**[®] (CCI) is a barometer of the health of the U.S. economy from the perspective of the consumer. The index is based on consumers' perceptions of current business and employment conditions, as well as their expectations for six months hence regarding business conditions, employment, and income.

The Conference Board U.S. **Leading Economic Index**[®] is a composite economic index designed to signal peaks and troughs in the business cycle. The leading economic index is essentially a composite averages of several individual leading indicators. They are constructed to summarize and reveal common turning point patterns in economic data in a clearer and more convincing manner than any individual component – primarily because they smooth out some of the volatility of individual components.

The Institute of Supply Management (ISM) **Manufacturing Index**[®] is a composite index based on the diffusion indexes of five of the indexes with equal weights: New Orders (seasonally adjusted), Production (seasonally adjusted), Employment (seasonally adjusted), Supplier Deliveries (seasonally adjusted), and Inventories. An Index values over 50 indicate expansion; below 50 indicates contraction. The values for the index can be between 0 and 100.

The Institute of Supply Management (ISM) **Non-Manufacturing Index**[®] is a composite index based on the diffusion indexes for four of the indicators with equal weights: Business Activity (seasonally adjusted), New Orders (seasonally adjusted), Employment (seasonally adjusted) and Supplier Deliveries. An Index values over 50 indicate expansion; below 50 indicates contraction. The values for the index can be between 0 and 100.

"The Markit PMI[™] (**Purchasing Managers' Index**[™]) series are monthly economic surveys of carefully selected companies compiled by Markit. They provide advance insight into the private sector economy by tracking variables such as output, new orders, employment and prices across key sectors. A value above 50 represents an overall positive improvement in survey results while a value below 50 reflects a deterioration in survey responses."

Performance grade disclosures

Description of Quantitative Compliance Ratings

- Evaluates the returns of each fund against its assigned Peer Group, where applicable, and Market Index, equally weighted
- For purposes of determining the Peer Group rating, fund percentile ranks are determined within the peer group reflected in this report
- Time periods evaluated are the 1, 3, & 5 year periods where available using a weighting of 20%, 40%, and 40%, respectively. If a 5 year performance history is not available, the 3 year number is assigned a 67% and the 1 year a 33% weight. If a 3 year performance history is not available, the 1 year number is assigned a 100% weight. Funds with less than a 1 year performance history will not be issued a grade.
- The overall rating will be based on a letter grading system: A, B, C, & D*

Peer group rating

A	1 st quartile
B	2 nd quartile
C	3 rd quartile
D	4 th quartile

Index rating

A	≥ 125% of Index return
B	100% - 124% of Index return
C	75% - 99% of Index return
D	≤ 74% of Index return

Returns for periods greater than 1-year are annualized. Performance may reflect the adjusted historical returns published by Morningstar, which are calculated using the appended adjusted return history of the oldest surviving share class of the fund.

* The performance grades are based on the peer group and index ratings described above which are obtained from Morningstar, Inc., Lipper, Inc., Hueler Analytics and Zephyr Associates, Inc. but are not guaranteed by Wells Fargo as to completeness or accuracy. The performance grades provided by Wells Fargo are intended to constitute investment education under U.S. Department of Labor guidance and does not constitute "investment advice" under the Employee Retirement Income Security Act of 1974 or regulations thereunder.

Important Information

Wells Fargo Funds with names containing the designation of "F" or "N" are Wells Fargo Collective Investment Funds available to qualified investors only. Expense Ratios reported for the Wells Fargo Collective Investment Funds represent the investment management fee for each fund and exclude audit and other administrative expenses. Please see each collective fund's Disclosure document for additional information.

Fund ranking percentages represent each fund's percentile rank relative to its assigned asset class category within the peer group specified. Certain funds (i.e. money market mutual funds, Wells Fargo Collective Investment Funds and asset allocation funds) will not display percentile rankings.

Returns for periods greater than 1-year are annualized.

Performance shown for certain share classes of funds may reflect the adjusted historical returns published by Morningstar, which are calculated using the appended adjusted return history of the oldest surviving share class of the fund. Predecessor fund information can be found in the Fund's prospectus, statement of additional information, or annual report.

Past performance does not indicate future results. The value or income associated with a security or investment may fluctuate. There is always the potential for loss as well as gain. Investments discussed in this report are not insured by the Federal Deposit Insurance Corporation (FDIC) and may be suitable for some investors depending upon their specific objectives and financial position. They're a useful tool for identifying investments worthy of further research, but shouldn't be considered buy or sell recommendations.

Morningstar rates investments from one to five stars based on how well they've performed (after adjusting for risk and accounting for all relevant sales charges) in comparison to similar investments. Within each Morningstar Category, the top 10% of investments receive five stars, the next 22.5% four stars, the middle 35% three stars, the next 22.5% two stars, and the bottom 10% receive one star. Investments are rated for up to three time periods - 3, 5, and 10 years, and these ratings are combined to produce an overall rating. Investments with less than three years of history are not rated. Ratings are objective, based entirely on a mathematical evaluation of past performance. They're a useful tool for identifying investments worthy of further research, but shouldn't be considered buy or sell recommendations.

(1) This fund has been placed in a category for the purposes of this summary that does not directly match the category assigned by Morningstar. Note that the percentile ranking displayed for this fund in the "% Rank" column represents this fund's relative ranking within the asset class category as assigned by Morningstar.

Board of Directors' Memo

June 1, 2016

Subject: April 2016 Financial Report

NOTICE: The Authority's December 31, 2015 year-end audit is underway. The Balance Sheet for April 2016 has been included, however, since the year-end audit adjustments, which affect the Balance Sheet, have not been finalized, amounts reported on the Balance Sheet may change upon completion of the audit.

SUMMARY: The Authority's net financial performance for the month of April falls short of budgeted amounts by \$1,321,021. The monthly variance is mainly attributed to a combination of departmental expenses exceeding budgeted amounts by \$395,004 and sales tax estimates posting \$687,068 less than amounts budgeted.

REVENUES

- Sales Tax – April sales tax has been estimated at \$2,595,206, which is the same amount as April 2015 actual collections.

UPDATE – SALES TAX COLLECTIONS FOR MARCH 2016 SALES OF \$2,956,952 WERE RECEIVED ON MAY 13, 2016 AND ARE \$180,257 LOWER THAN COLLECTIONS FOR THE SAME PERIOD LAST YEAR, A DECREASE OF 5.7%. YEAR-TO-DATE COLLECTIONS FOR 2016 TOTAL \$7,780,761 WHICH ARE 8.46% (\$719,239) UNDER 2016 BUDGETED AMOUNTS.

- Operating Revenues – For the month of April, Passenger Service was \$138,063 vs. \$141,036 in 2015 – a decrease of \$2,973 (2.11%), and \$10,503 (7.07%) lower than current budget estimates. Other operating revenues, including bus advertising, were \$23,109 vs. \$15,416 budgeted for a net increase of \$7,693.

EXPENSES

Over all, monthly departmental expenses are over budget by \$395,004, or 16.3%. The majority of the variances are due to timing of the posting of a payroll accrual and higher health insurance costs. Following are comments relating to the specific expense categories.

- Salaries & Benefits – April reflects \$1,243,707, which is 21.58% (\$220,731) over budgeted amounts. The major factor for this variance is timing of the payroll accrual. For year to date expenses, this category is within 1.79% of budget.

- Services – April reflects \$293,437, which is 0.58% (\$1,711) under budget. Most departments are within reasonable range of the budget, with Professional Services exceeding budget by \$52,286, however, offset by savings in Contract Maintenance and Legal Fees categories.
- Materials and Supplies – April reports \$325,618, which is 15.55% (\$43,810) over budget. This variance is mainly attributed to additional repair parts for bus engine and transmission work expensed this period. For year to date expenses, this category is within 4% of budget.
- Insurance – April reports \$322,192, which is \$91,335 (39.56%) over budget. This variance is attributed to increase in Health claims paid versus amounts budgeted. The year to date expenses are at 21.96% over budget.
- Purchased Transportation – April reports \$489,137 which is \$40,287 (8.98%) over budget. This variance is mainly due to doubling up a few vendor payments in March. The year-to-date expenses are \$56,298 (3.14%) over budget.
- Miscellaneous – April reports \$76,283 which is \$8,233 (12.1%) over budget. This variance is mainly associated with advertising/media expenses in Marketing.

Board of Directors' Meeting

June 1, 2016

Subject: Operations Report for April 2016

The system-wide monthly operations performance report for April 2016 is included below for your information and review. This report contains monthly and Year-to-Date (YTD) operating statistics and performance measurement summaries containing ridership, performance metrics by service type, miles between road calls, customer service feedback, and a safety and security summary.

Detailed results are reported within the five sections outlined below:

1. System-wide Ridership and Service Performance Results

Boardings for all services in April 2016 totaled 444,159. This represents an 8.1% decrease as compared to 483,432 boardings in April 2015 or 39,273 less boardings this April. In regards to ridership levels, gasoline prices have continued to rise slightly with an average of about \$1.89 per gallon this month but are lower when compared to \$2.25 per gallon in April 2015¹. April's 3.4 inches of rain was half the March total of 6.54 and therefore did not adversely impact ridership levels. The average temperature for April was also mild at 86 degrees.²

The chart below shows average weekday ridership for all services.

¹ GasBuddy.com historical data at <http://www.gasbuddy.com>.

² Weather Underground historical data at <http://www.wunderground.com>.

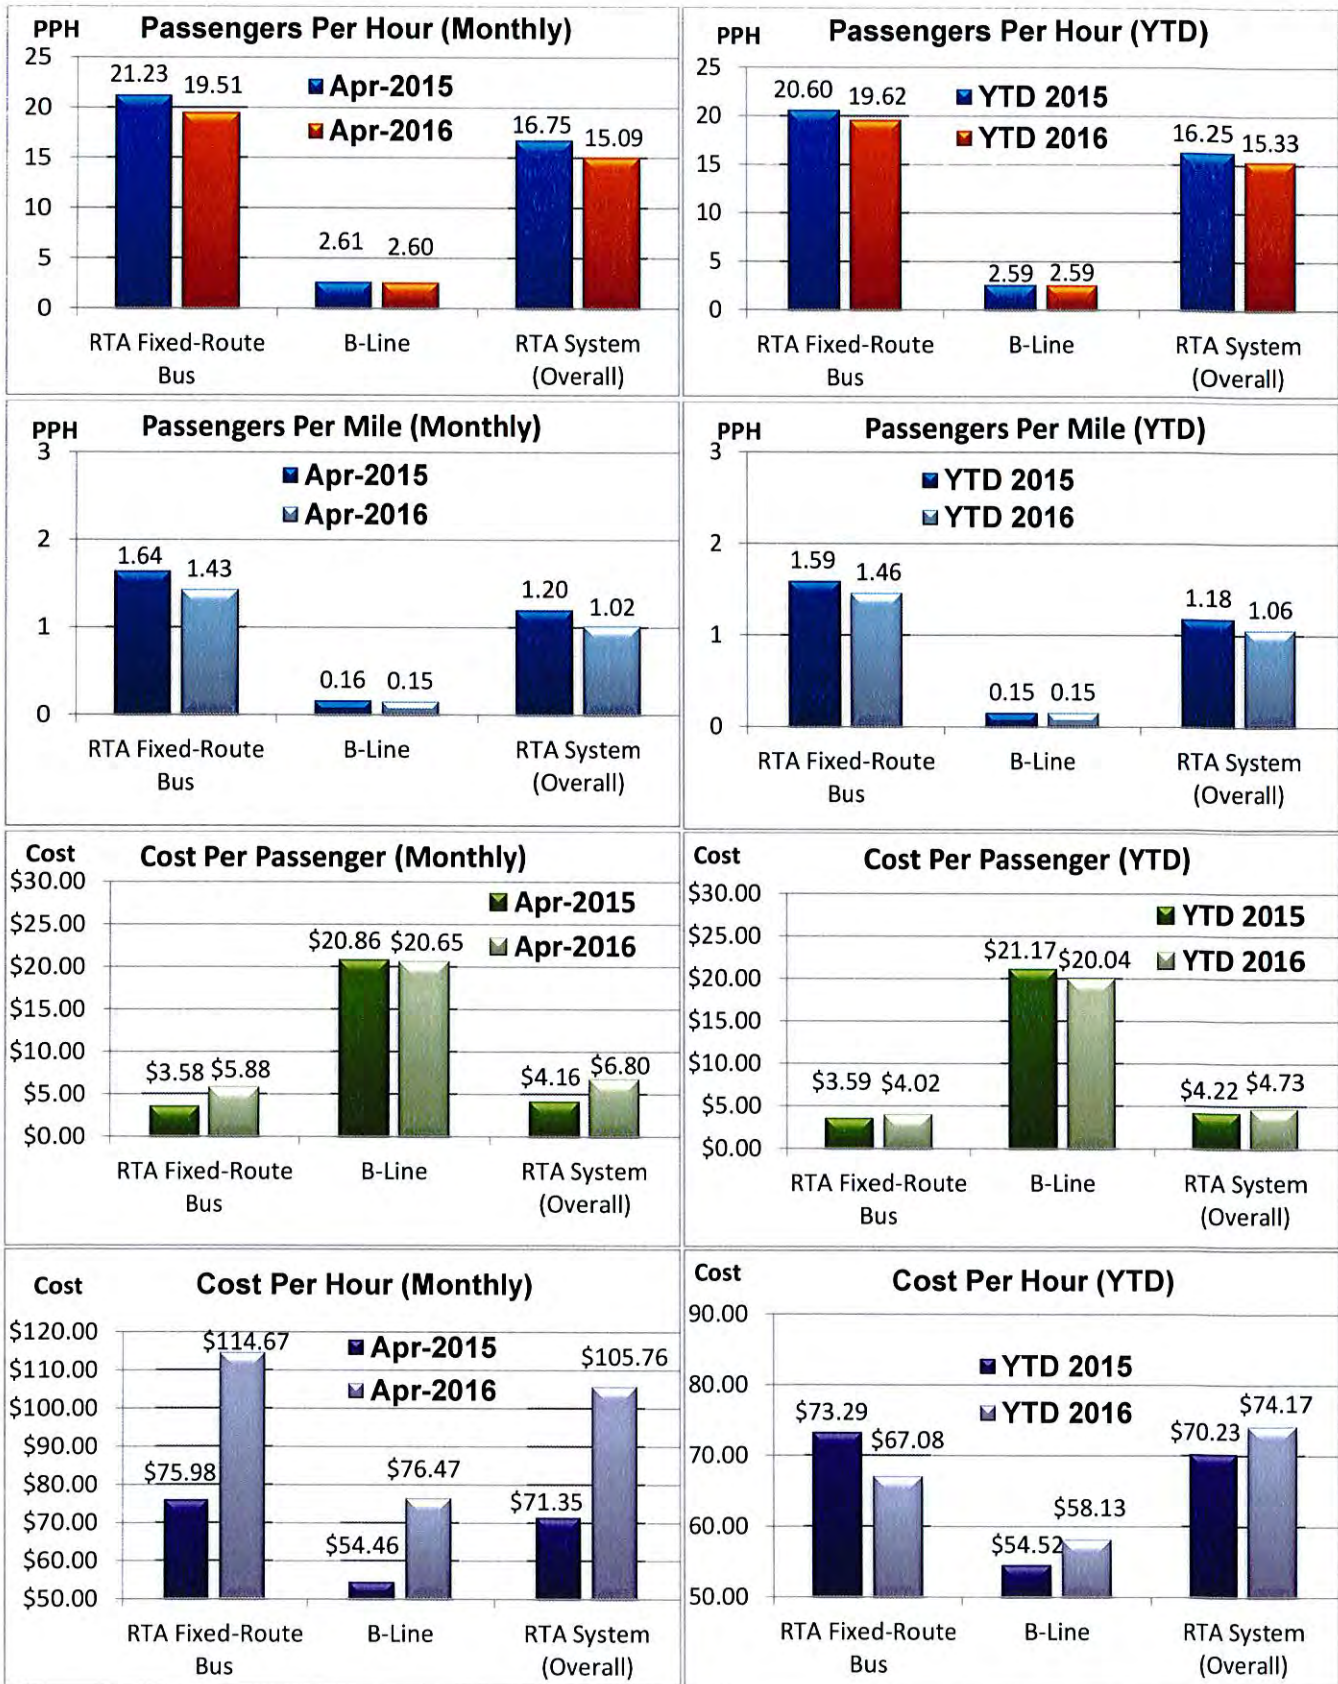

The chart below shows monthly ridership results for all services.

The chart below shows YTD ridership results for all services. The RTA recorded 47,034 less boardings or -2.6% in 2016 as compared to the same period in 2015.

The following charts report system-wide productivity and other cost performance measurements for the month of April 2016 vs. April 2015 and YTD figures.

The following table shows on-time performance of RTA Fixed-Route services for current and last three months and an YTD average figure.

Current City of Corpus Christi Bond Project Impacts:

Bond 2012 Project-McArdle Road (Whitaker to Ennis Joslin) Routes 8s, 29, 37 & 66s remain on detour from the McArdle Road project between Nile Drive and Ennis Joslin Road, a (24) plus month project. *(This project is behind schedule.)*

Bond 2014 Project-Santa Fe Street (Elizabeth to Hancock) Routes adversely impacted by this project include: 6, 15s, 19, & 23 this is a 12 month resurfacing project. *(This project is more than 50% complete.)*

Bond 2012 a multi-phased Project-South Staples Street (Morgan to IH-37) this multi-phased project affects (20) routes daily or approximately 45% of all CCRTA routes and includes routes: 5, 5s, 6, 12, 12s, 16, 17, 19, 21, 21s, 23, 27, 27s, 29, 29s, 67, 76, 76s, 78 and 84. All of these routes are currently on detour but Phase 1 between Antelope and Comanche, Artesian, Mestina, Waco, the Staples Street Transfer Station and new CCRTA Administration building are rapidly approaching completion. *(This project is on schedule.)*

Bond 2014 Project-Waldron Road (Glenoak to Caribbean) Routes 4 and 8s remained impacted by the Waldron Road project between Glenoak and Caribbean, a (7 to 10) month project. *(Completed in mid- April)*

Other City Bond projects on the immediate horizon that will adversely impact bus routes, bus stops and proof problematic for time performance include:

- Williams Drive-Bond 2012 Project between South Staples Street and Airline Road, a (15 to 24) month project began on March 30, 2016.
- Alameda Street-Bond 2012 Project between Ayers Street & Louisiana Avenue, a (15 to 24) month project is scheduled to begin later this year.
- Greenwood Drive-Bond 2012 Project between Gollihar Road & Horne Road is planned to be an (11 to 16) month project also beginning later this year.

There were a total of 40 CAF's/Commendations received regarding RTA Service representing 88.2% of total customer contacts: 7 for Facilities Maintenance, 4 for Service Development, 3 for Safety and Security, and 26 for Transportation.

A total of 4 CAF's/Commendations were reported regarding B-Line service representing 9.8% of the total customer contacts.

A total of 1 CAF's/Commendations were reported regarding Contracted Fixed Route service representing a 2.0% of the total customer contacts.

Actions taken as a result of reported CAF's include but are not limited to the following:

1. Coaching and counseling
2. Driver training
3. Progressive disciplinary action as appropriate, group discussion/coaching in operator meetings
4. Discussion in supervisory meetings
5. Examination of RTA operations policy

The RTA documents CAF's to capture information regarding a wide range of issues from the community's perspective point of view. CAF's are communicated to the Customer Programs group via the telephone, e-mail, letter or in person.

CAF's are redirected to relevant management and supervisory staff for further investigation. Customer Service staff will provide a prompt and written response at the conclusion of the investigation to the customer within ten working days.

CAF's play an important role as a quality assurance tool to identify issues regarding service; they also inform RTA regarding education and training needs. CAF's assist Service Development in identifying problems around existing service and identifying underserved areas. CAF's also serves to guide policy development.

4. Vehicle Maintenance Department Monthly Miles Between Road Calls Report

For April 2016, 7,031 miles between road calls (MBRC) were recorded as compared to 6,714 MBRC in April 2015. A standard of 6,500 miles between road calls is used based on the fleet size, age, and condition of CCRTA vehicles.

MBRC is a performance gauge of maintenance quality, fleet age, and condition; an increase in MBRC is a positive indicator. As defined by the Federal Transit Administration, a road-call is the practice of dispatching a service vehicle to repair or retrieve a vehicle on the road. There are two types of road-calls; Type I and Type II. A Type I road-call is a major mechanical failure that prevents the revenue vehicle from completing a scheduled revenue trip. A Type II road-call is a mechanical failure causing an interruption in revenue service.

5. Safety/Security Department Report

SAFETY SUMMARY

For April 2016, we had 11 vehicle reported accidents, 16 customer related incidents and drove a total of 295,039.2 miles. The total collision rate for the month was at 3.72 per hundred thousand miles driven. The desirable range for total collisions is at 2.0 or less.

The chart below shows the last 12 months of our total collision rate. Please keep in mind that this chart shows all vehicle collisions regardless of fault. The classifications of preventable and non-preventable are not distinguished for purposes of calculating this rate.

Total Collision Rate (rolling 12 month period)
Monthly rate = Total collisions per 100,000 miles driven

SECURITY SUMMARY

For April 2016, 1,412.5 hours of security coverage was used for all areas of CCRTA Operations. Officers arrested 3 individuals for public intoxication, issued 11 criminal trespass warnings, and arrested 4 individuals for criminal trespassing and responded to 7 calls for service.
