

Corpus Christi Regional Transportation Authority continues to enhance the community's public transportation system, including:

- Expanded LOCAL service offering a more efficient rider experience.
- EXPRESS service to and from Port Aransas
- FLEX routes that offer on-demand service
- VIP shuttle offering direct service to and from Texas A&M University-Corpus Christi & Del Mar College
- COMMUTER carpool service for businesses
- SHUTTLE services connecting riders to community events

Additionally, we've been awarded a \$7.2 million grant to reconstruct Port Ayers Station and build two mini transfer stations at the new Del Mar College Southside campus.

The future of transit is now! Here's what to expect from CCRTA:

- Electronic charging stations to support zero emissions vehicles
- Transit apps supporting riders in real-time
- An enhanced rider experience

Meet SURGE!

Corpus Christi Regional Transportation Authority is proud to announce the most innovative addition to our fleet. We introduce SURGE, the most advanced autonomous vehicle in North America; the EasyMile Generation III Shuttle.

With service to 8 stops, SURGE will help move students, faculty, staff and visitors to fixed routes around campus.

These new services are just a few ways that CCRTA works to provide a reliable and efficient transit system for our community. The CCRTA is bringing the future of transit to South Texas.

SURGE is:

100% Electric

Driverless

(Ambassador onboard at all times)

12 passengers

SURGE's pilot program at Texas A&M University-Corpus Christi will be the first true public transportation route for an autonomous shuttle to operate in a mixed traffic and pedestrian environment.

Our mission has always been to provide quality transportation in a financially responsible manner to meet the diverse needs of our community.

After years of collecting input from our riders and evaluating industry best practices, we've made some exciting improvements to our entire system. It's all part of Fleet Forward: our commitment to enhancing the rider experience.

Because Better starts with B.
