

## ADDENDUM NO. 1

### INVITATION FOR BID FOR CNG DEFUELING STATION

IFB NO: 2020-FP-08

Date Issued: September 9, 2020

#### INSTRUCTIONS:

- (1) BIDDER is required to comply with this Addendum No. 1.
- (2) This Addendum No. 1 becomes a part of this Invitation for Bid.
- (3) **BIDDER is required to acknowledge this Addendum No. 1 in the proper place on the Certification and Statement of Qualifications form.**
- (4) For additional information, please contact Christina Perez, Director of Procurement/Grants, or Sherrié Clay, Procurement Administrator at (361) 289-2712.

This Addendum No. 1 is issued to make the following changes to IFB No. 2020-FP-08:

1. The Corpus Christi Regional Transportation Authority (CCRTA) has provided clarification on the Scope of Work as follows:
  - 1) The CCRTA has a tentative site location for the Defueling Panel Skid or platform to be placed; however, the Contractor will be responsible for making sure that it meets code requirements.
  - 2) Depending on the design of the Contractor's Defueling Panel Skid or platform of the overall configuration, it may require some aspect of concrete or asphalt work in order to meet the installation requirements of the unit.
  - 3) If the Station/Skid requires a mounted post, then add that cost into the Station/Skid line item on the Price Schedule.
  - 4) The CCRTA will provide vehicles to test the Defueling Panel.
  - 5) The CCRTA is requiring onsite training sessions as stated in the IFB at the CCRTA's Operations Facility to train the team in every aspect of the defueling station as it relates to repairing and maintain the equipment. This also includes training of the CCRTA's mechanics on the proper procedures for using the equipment.
  - 6) The Manufacturer's representatives are not required to be present for testing; however, the Contractor or sub-contractors must be certified within this field in order to perform this training on the equipment. The trainer must have some type of certification by the CNG fuel system Certification program NGVI or Texas

- 7) The Defueling Panel will not be located near an existing emergency shutdown button at this time.
  - 8) A site visit will be allowed before the bid due date by appointment. If interested, please email [procurement@ccrta.org](mailto:procurement@ccrta.org) for an appointment.
2. The CCRTA's response to Virtual Builders Exchange's RFI submission is as follows:

APPENDIX H

REQUEST FOR INFORMATION/EXCEPTIONS/APPROVED EQUALS REQUEST

(Please submit **one** form for **each** Request for Information/exception/approved equal)
